

THOUSANDS ARE ENTOMBED IN LANDSLIDE IN BOKHARA

CITY BURIED FROM SIGHT

In Karatagh but One Family Out of 15,000 Populace Escaped When Mountain Slipped Down

EARTHQUAKE CAUSE OF CATASTROPHE

Tashken, Russian Turkestan, Oct. 30.—The whole of the town of Karatagh, in Bokhara, has been destroyed and the entire population, numbering about 15,000, was buried by a mountain slide following the recent earthquake there.

The governor of Karatagh and his mother were the only persons who survived the disaster.

EARLY REPORT PROBABLY EXAGGERATED.

St. Petersburg, Oct. 30.—It would appear from two dispatches received here that the casualty list, first given at fifteen thousand has been greatly over estimated. It had the statement that the governor of the city and his mother were the only persons saved was due to an error in translation.

It is believed, that the dead must number many hundreds. Karatagh, though scarcely a hundred miles from Samarkand and only 250 miles from Khokhland, is so isolated that news is over a week in coming through.

Bokhara is a country and khanate of Central Asia, in Turkistan or Independent Tartary. Its extent has been greatly diminished during comparatively recent years, on the north by the conquests of Russia and on the south by the encroachments of Afghanistan, and its present area is estimated at about 100,000 square miles, with a population of 2,130,000. The chief cities are Bokhara, the capital, with a population of 100,000, and Gissar, Karshi, Khuzar and Shar-i-Sabiz, all much smaller.

A large part of the western half of the country is a desolate steppe of clay, broken by hills of slate and bare granite rocks, while the eastern half is occupied by offshoots of the Hindu-Koh and Tien-Shan ranges of mountains and the Pamir steppe. The cultivated land is confined almost entirely to the vicinity of the rivers, the most important of which are the Amu or Oxus, the Zer Afshan and the Karshu.

The climate is exposed to great variations; in summer the heat being intensely great and the winters proportionately cold. Thunderstorms and earthquakes are not infrequent.

The population is composed of Tajiks, Arabs, Uzbeks, Turkomans, Persians, Merv and Jews. Bokhara was known to the ancients under the name of Sogdiana. It was too far to the east ever to be brought under the dominion of Rome, but it has shared deeply in all the bloody revolutions of Asia.

RUSSIAN MUTINEERS OPENED FIRE ON VLADIVOSTOK

Crews of Two Torpedo Boats Revolt and Attack the City.

Tokio, Oct. 30.—(3 a. m.)—The Jiji this afternoon published a dispatch from Vladivostok saying that the crews of two Russian torpedo boats there mutined and attacked the city from the sea. The soldiers garrisoning the fortress, it was added, responded with a brisk fire which resulted in one of the torpedo boats being disabled. It was further stated that great excitement prevailed at Vladivostok and the casualties and amount of damage done were not known. The Jiji, however, does not vouch for the accuracy of the report.

BOMB FAILED TO EXPLODE.

Vladivostok, Russia, Oct. 30.—As Prince Gortchakoff, the acting governor of Vladivostok, was driving from the Cathedral here at noon today a bomb was hurled at his carriage but failed to explode. The perpetrator of the outrage then attempted to shoot the prince, but a Cossack soldier of the guard shot and killed the would-be assassin, who was an ex-student of the local high school.

NATION MAY CUT OUT GROWLER

Washington, Oct. 30.—Congress will be asked at its forthcoming session to enact legislation prohibiting the practice of "rushing the growler" in the District of Columbia. Temperance societies have obtained a promise of support from the district commission to a measure prohibiting the sale of beer or liquor in any unsealed vessel unless it is to be consumed on the premises where purchased. The excise board has been directed to prepare a report on the amount of beer thus purchased.

DYNAMITE FOUND ON STEP OF MEYER SALOON

Partly Burned Fuse Was Discovered and Police Investigate.

John Meyer, a son of Fred H. Meyer, proprietor of the saloon at the southwest corner of Harrison and Pearl streets, reported to the police shortly after 5 o'clock this morning that he had found a half-pound stick of dynamite and a partly burned fuse on the step at the rear door of the place while he was cleaning up preparatory to opening for business.

Patrolman Johnston was sent to investigate and brought the dynamite, a cap that had been inserted into the end of it and the fuse to headquarters. Meyer's story is that when he opened the back door he saw a package on the steps and started at first to kick it, but changed his mind and picked it up and took it into the saloon. When he found it was an explosive he called the police.

The fuse is about six inches in length and appears to have been tightly clamped in a vise as a portion of it was flattened out. It had burned to the point where the marks show it had been compressed and then the powder had blown out. A measurement between the two marks shows that the flattened portion is too narrow to have been made by a shoe and indicated that it could not have been stepped upon.

Chief Ankenburg made an investigation and could find no powder marks on the steps where the fuse had lain and a canvass of the neighborhood did not reveal any suspicious circumstances. Fred H. Meyer occupies the rooms above the saloon. One of the conductors on the Fort Wayne and Wabash Valley Traction cars was present when the dynamite was found, but left the city shortly afterward.

Not Sold in Fort Wayne.

The dynamite was in the original package and bore the stamp of the Aceto-Powder company, of Chicago. There are two firms in the city that handle this brand. H. Pfeiffer & Son sold some yesterday, but it was in a twenty-five pound box and was purchased by a farmer living in Adams township. John Trautman has not sold any for several weeks, but had given away a small piece of fuse to a man about town.

This was reported to the police and the man in question was asked about it and had in his pocket a piece of fuse which he stated was the same that was procured yesterday at Trautman's sporting goods store on East Main street.

Both Meyer and his son were under arrest for assault and battery upon Dr. M. A. Mason, of the Good Citizenship league, and the elder has three indictments against him charging him with violations of the liquor laws. A thorough investigation on the part of the police failed to develop anything more than that the piece of fuse had been obtained at Trautman's but that has apparently been explained away.

WE GET A NICE LONG SLIVER OF LAND IN ALASKA

Canada Transfers a Strip to Uncle Sam as Result of Recent Survey.

Ottawa, Ont., Oct. 30.—It is stated here that a strip of land six hundred feet wide and many miles in length will be transferred from Canada to the United States in Alaska as the result of the work done by a joint survey party in that country during the past summer.

The line of demarcation between the United States and Canada in the far north is the 141st meridian, which starts from the coast at Mount St. Elias and crosses the Yukon river at a point ninety miles below Dawson.

CHURCH WAR GROWS BITTER.

Reaches Acute Stage When Session Refuses to Recognize Moderator.

WOMAN BLOWN TO PIECES.

Stevens Point, Wis., Oct. 30.—Mrs. Nicholas Kitowski, aged 41, of Carron, this county, was literally blown to pieces today by the explosion of a stick of dynamite that had been placed on the kitchen stove to dry. Two of her children were fatally injured and two others seriously hurt.

SENTENCED TO REFORMATORY.

Goldie May Reichart, the girl who forged the name of Amos Landis to a check for \$15, was given a hearing in the juvenile court this morning and sentenced to the reform school for girls at Indianapolis.

CHICAGO MEN WILL AID IN MAUMEE RIVER PLAN

Proposed Opening of Navigation to Fort Wayne Has New Friends.

From a new source now comes both a manifestation of deep interest and proffers of aid in the proposed opening of navigation to Fort Wayne by the improvement of the Maumee river to order that boats from Lake Erie at Toledo may touch at docks in the Summit City. Chicago is interested in the suggestion, and it is believed will do much toward trying to get governmental action in the matter as a furtherance of the plan looking toward a ship canal to connect Lake Michigan and Lake Erie.

The latter project has been cherished by Chicago business interests for many years and in 1835 several engineers from Chicago were in Fort Wayne to look over the project from this end. Considerable campaigning was then done, but sufficient interest could not be aroused to get action with promise of results, and the matter was allowed to lapse. Since Fort Wayne has taken up the Maumee river improvement idea, it has stirred the Chicago folk into action once more, and advice is now to the effect that they will do all in their power to further the efforts to secure favorable action by the government.

Meanwhile the special committee of the Federation of Labor to consider the deepening of the Maumee has made its report to the federation, and has secured the consent of Judge Robert S. Taylor and Charles S. Bash to address the federation at its next meeting. It is expected that from this meeting will come definite action which will get in motion the preliminary work of bringing the plan before congress. There is a desire in many quarters to take the matter up with

BOLD BURGLAR BEAT DOWN WOMAN AND ESCAPED

Mrs. R. D. Todd Seriously Hurt in Encounter With Thief.

Mrs. R. D. Todd, wife of a Pennsylvania engineer living at 531 Buchanan street, was beaten down by a burglar whom she caught in the act of stealing her money early this morning, and she lay unconscious upon the floor until 9 o'clock before she was able to get up and notify her neighbors.

This afternoon she had not recovered from the shock and was unable to sit up but no serious injury was inflicted and she will not suffer any permanent effects. Her story of the encounter is as follows:

"My husband had been called for 1:30 o'clock to take out his run and I got up with him and prepared his lunch and he left the house, I think about half past twelve. I went back to bed and don't know how long I slept but I was awakened by somebody in the next room.

"I yelled 'who is there?' When I didn't get an answer I jumped out of bed and went into the sitting room and there was a man with his back to me stooping over a library table getting the money out of my pocket-book. If I had had a revolver I could have killed him but I didn't and I went to pick up a chair and with that he turned.

"Now whether he struck me or not, I don't know, but the last thing I remember is seeing him turn around. It may be that my head struck the base burner in falling, but I can't tell as I didn't know anything until I came to, about 8 or 9 o'clock this morning."

When she first regained her senses Mrs. Todd stated that the thief took a ten-dollar bill and some small change from her pocketbook, amounting in all to about \$12, and left by way of the front door which he had evidently unbolted and had also taken the precaution to unhook the screen door. She said the robber was a small man and wore a mask that covered his face with the exception of the lower part of his chin. She got a good look at him and was able to furnish the police with a description.

The Todd home is a cottage and the bed room opens off the living room on the first floor. The door was open between the rooms and a light was burning in the bedroom. They have no children and she was in the house alone. One of the dining room windows has a broken catch and this is the only place she can think of that the burglar might have entered.

BANKING CONDITIONS WOULD DRIVE OUT TOBACCO BUYERS

Kentucky Growers in Great Army Move Over Field Warning Purchasers and Appealing to Farmers

New York, Oct. 30.—Banking conditions proceeded steadily today toward recovery from their recent strain. The use of clearing house certificates both here and outside points had relieved much of the pressure on the banks, which are now approaching almost normal conditions. Although no further gold engagements were reported early in the day it was noted with satisfaction that the business day in London had passed without an advance of the bank rate. Gold is coming not only from Europe, but from South America, as some of the recent engagements have been from Argentina's stock of gold. It became definitely known here that the report of a financial crisis in Chile was incorrect. The stock market showed considerable weakness and irregularity with opening declines on some of the prominent stocks. A favorable feature was the tremendous buying of stocks in small lots for investment as reported by the big brokerage houses.

Purchasers Paying Cash.

Purchasers are paying cash and the volume of business during the past week runs well into the millions. Not in a score of years has Wall street experienced such a flood of buying orders in ordered lots for transfer to the purchasers. The majority of these orders are for blocks of stocks of five, ten, twenty-five and fifty shares while sales of one and two shares are being frequently recorded.

W. J. Wellman, of J. S. Bache & Co., bankers and brokers, said today that the amount of such sales by that firm was between \$500,000 and \$750,000 a day and that the orders are coming in from all parts of the country. "People are buying stocks in small lots for investment and are paying cash for them," said Mr. Wellman.

FARES FORTH WITH WARRANT FOR JUDGE

Illinois Sheriff Goes to Chicago for Hon. Peter S. Grosscup.

Charleston, Ill., Oct. 30.—Sheriff Glover left today for Chicago with warrants for Judge Peter Grosscup of the United States court of appeals and other directors of the Mattoon and Charleston interurban railway, including Francis H. Peabody, whose name was among those indicted yesterday. Director Rose, of the company has not been indicted. The grand jury is still in session and it is predicted that other indictments will be returned.

The men indicted yesterday will be arraigned Monday next and given preliminary hearings. Motions will be made to quash the indictments, and it is overruled it will be announced that the defendants are ready for trial at once.

The local men indicted have been released under \$5,000 bonds, and the same bond will be required of the Chicago defendants.

The cases will be heard before Judge Morton with Thompson, of Danville, Ill. The trials will be week after next in all probability.

GIRL THIEF GETS ONE RING AND IS NOT SATISFIED

Tries for Another But Expires Suspicion and is Fired Out.

An innocent looking girl of about sixteen, having every appearance of a young woman from the country on a sight-seeing expedition, stole a valuable ring from the Besse Jewelry company's store today and made an attempt to get another at Bruder's, but was fired out of the store.

She asked at the Besse store to be shown some rings and there was nothing to excite suspicion and a careful watch was not kept, but a search after she left showed that a ring from a tray that had been shown to her was missing.

At Bruder's she attempted to conceal a ring from a lot shown her and her actions were so suspicious that she was asked to leave. The matter was reported to the police, but the patrolmen could not find any trace of the girl.

WHOLE STATE IS STIRRED BY SITUATION

The decision of the executive committee of the Burley Growers' association at Winchester yesterday not to grow a crop in 1908 will have great influence with the American society. The Burley association is a part of the national. The association opposes the lawlessness in every form.

URGЕ GROWERS TO POOL

Henderson, Ky., Oct. 30.—A meeting of fifty tobacco growers of McLean and several of the adjoining counties was held at Livermore last night and this morning, pursuant to an agreement, they started out in squads all through the country to persuade the growers to pool their tobacco and urge the buyers to withdraw from the fields. Although the growers are thoroughly in earnest about their business they have not so far attempted any violence.

One planter, S. C. Tichenor, of McLean county, however, declares he has been visited by night riders three times and has been notified that he must pool his tobacco or suffer the consequences.

TOBACCO BARN IS BURNED.

Louisville, Ky., Oct. 30.—A special convention of the National Tobacco Growers' association is in session here today. All of the tobacco raising states from Wisconsin to the Carolinas are included in the organization. While the accredited delegates will probably be numbered by hundreds, the attendance is better counted by the thousands.

The growers are assured by their leaders that if no crop is grown in 1908 they will receive as much for the two unsold crops of 1906 and 1907 as they would for the three crops should they grow one next year. It is of vital importance to the growers that the two pooled crops now on hand be sold before another crop is started, otherwise many small producers will, it is said, be bankrupt.

The warehouses of John Matthews, near this city, are under guard. Mr. Matthews has 30,000 pounds of tobacco in storage and it is being protected by ten armed men, five being on duty during the day and five at night.

Members of the American Society of Equity are flocking to town and it is estimated that 5,000 people will attend the society's meeting here to night.

DISCUSS PLANS TO CUT OPERATION EXPENSES

Railway Managers Hold a Conference in New York and Talk Economy.

New York, Oct. 30.—Men who are prominently identified with the immediate and practical operation of the large railroad systems of the country gathered here yesterday and took counsel with each other as to how best to curtail expenses on their respective roads. The general opinion expressed by these men was that there will be a material reduction in the outlay for the operation of railroads and in the purchase of railway supplies throughout the United States.

The principal gathering place of the executive committee of the American Railway association met and conferred with representatives of the steel rail commission.

Big Systems Represented.

This executive committee is composed of the following members: W. C. Brown, vice president of the New York Central; Daniel Willard, vice president of the Chicago, Burlington and Quincy; W. A. Gardner, vice president of the Chicago and Northwest; H. U. Mudge, vice president of the Long Island railroad; Vice President Gray, of the St. Louis and San Francisco railroad; G. L. Potter, vice president of the Baltimore and Ohio; I. G. Rawn, vice president of the Illinois Central, and L. F. Loree, president of the Delaware and Hudson.

This committee will report progress at the semi-annual convention of the American Railway association, which will be held today at the Waldorf-Astoria. The steel rail commission's report on the investigation of the subject of most economical rail to be adopted will be presented today, but it was stated yesterday that no definite action on the matter would be taken. The committee, after the adjournment of the convention, will go on with its work, which is yet far from completed.

Charles E. Lancaster, of Columbia City, is a Fort Wayne visitor.

D. F. Brooks, of Wabash, is in the city.

MODERNISTS TO BE EXCOMMUNICATED BY THE POPE

Drastic Dealing With Those Who Have Criticised Policy of Pius.

Rome, Oct. 30.—The virtual excommunication of Rev. Father Tyrrell, the English Jesuit, who severely criticised the pope's recent encyclical on modernism will, it is said, probably be followed by the adoption of similar measures against German, Italian and French modernists.

The retirement of Manager La-Croix, bishop of Tarentaise, France, who favored the acceptance by the clergy of the church and state separation law, is considered to be primarily due to the pope's lack of sympathy with the present ultramontane policy of the Vatican. The reason given for the bishop's retirement, however, was ill health.

IMPORT WIVES FOR CONVICTS.

Prison Officials in Philippines Considering Adoption of Plan.

Manila, Oct. 30.—Officials in charge of the only penal colony in the Philippines, that at Iwahig, want to try an experiment that may make this most of the most popular place in the islands.

Maj. John R. White, in charge, has recommended the importation of marriageable women to the colony. "Granted that the object of modern penology is the reformation as well as the punishment of offenders," says White, "penal colonies occupy an important place in the prison scheme of a government which has vast areas of virgin land to be exploited.

"The bringing of women to the colony would put the seal of permanency on this settlement."

FIREMAN DIES IN WRECK.

Wheeling, W. Va., Oct. 30.—In a collision near Elm Grove, W. Va., today between a Wheeling and Elm Grove Traction car and a work car, James Harris, fireman at the Elm Grove Power house, was killed and three others, all employees of the railway company, were injured. The accident was due to a heavy fog.

CLEARANCE SALE OF USED ORGANS

All have been thoroughly overhauled and put in first class condition at our factory and are fully guaranteed

IMPORTANT

This is an opportunity to start your child in music. Prices and terms are less than half of their real value. Selection should be made at once.

\$10 Kimball, Sterlings, Smith Americans, Wulshers, Estey, Chicago Cottages, etc. Organs cost not \$60 to \$85, usual second-hand price, \$25.

\$15 Packard, Tabor, Sterling, Kimball, Miller, Birmingham, etc. Organs, cost new as high as \$100, usual second-hand price, \$30.

\$20 Packard, Hamilton, Story & Clark, Estey, Sterling, etc., good as new, fine for schools, missions, etc., usual second-hand price, \$35.

\$25 Story & Clark, Packard, Crown, Chase, Palace, Estey, etc., new, \$100; usual second-hand price, \$45.

\$30 Packard, Estey, Story & Clark, Kimball, Loring & Blake, Kimball, etc., oak and walnut; usual second-hand price, \$50.

Terms \$2.00 cash and \$2.00 monthly. Instruments in this list may be exchanged at full price, within one year on any new piano.

PACKARD MUSIC HOUSE

930 CALHOUN STREET, FORT WAYNE, IND.

BANKING CONDITIONS AGAIN NORMAL IN NEW YORK.

(Continued from Page One.)

Today, "This is bringing thousands of dollars in cash to the market and is assisting materially in relieving the situation. Not in years has there been so much buying for cash by small investors, who are having the stocks transferred to them. I think it is safe to say that there are 300,000 more names of stockholders on the books of the various railroad and other big corporations than there were a year ago."

Has Never Seen the Like.
"Never in the ten years of my connection with the firm of C. L. Hudson & Co., said a representative of that firm today, "have I seen so much buying in old lots for cash. We have witnessed in twenty-six cities and are making from 250 to 300 transfers daily."

Another representative of a prominent brokerage house said:
"The buying for cash is terrific. I never saw anything like it since our firm was established twenty years ago. Money is coming in from outside cities to pay for stock which is being purchased in small lots, in the majority of instances, for investment. There were large numbers of such purchases during the decline of the market in March last, but the sales for the past week have greatly exceeded those made during that period. Probably 90 per cent of the stock purchased in small lots is being taken out of the market."

Bankers declared today that the clearing house certificate plan is working out smoothly and rapidly bringing about normal conditions. It is estimated that the interest payments due November 1, which are being anticipated by J. P. Morgan & Co., aggregate nearly \$11,000,000.

The fact that the weaker banks in this city are recovering from the severe financial setback of last week or more was clearly shown today when their balances were adjusted through

the clearing house. All but one of the five or six banks whose position had been regarded most vulnerable had balances due them at the clearing house this morning and the one having a debit balance owed a very small sum.

The accounts of all members of the stock exchange passed the clearing house of that institution this morning. It was evident early in the day's trading that the brokers would be able to secure money on call to supply the day's needs, \$1,000,000 being offered about 11 a. m. at 75 per cent. This had no takers, but the first loan was made at 50 per cent. The rate quickly dropped to 40 per cent.

IMPROVEMENT IN CHICAGO.

Chicago, Oct. 30.—The local financial situation showed today improvement over yesterday and matters were moving along smoothly in all directions. The savings banks reported that the withdrawal notices had practically ceased, and that all uneasiness among depositors had been allayed. The crowds in the banks were no larger than ordinary.

The inability to obtain money for speculation in the margins compelled some weakness on the board of trade, many holders being unable to carry their lines for a longer time. Beyond this one feature the financial condition seemed normal.

TO INCREASE BANK CURRENCY.

Washington, Oct. 30.—The comptroller of the currency, under the direction of the secretary of the treasury, is making a special effort to increase the circulation of national banks where the maximum amount is not already taken and in money centers where the increase will be most beneficial. It is expected that quite a large addition to the circulation will result.

HEAVINESS IN LONDON.

London, Oct. 30.—The American demands for gold and the talk of a monetary strain in Berlin were reflected

on the stock exchange today, where prices in all branches were heavy. Consols were affected by sales due to the monetary uncertainty and yielded another eighth of a point.

Americans, although they opened fairly steady, soon declined, and selling pressure from the continent and the provinces brought quotations during the forenoon down to from one point to four points lower than yesterday. Union Pacific and Canadian Pacific were the specially weak points.

START RUN IN PITTSBURGH.

Pittsburgh, Pa., Oct. 30.—A run was started before noon on the All-Nations bank, a small concern in the south side section of the city. Depositors of the institution, who are mostly foreigners, became frightened over a report that one of the bank's officers had left the city. This was promptly denied by the president. Up to noon \$15,000 had been withdrawn and about thirty foreigners were still in line.

NO NEW WORK TO BE BEGUN.

New York, Oct. 30.—The heads of all departments in the New York city government were directed by Mayor McClellan today not to advertise any new contracts for any new work for the present. The order reads as follows: "Until such time as in my judgement the finances of the city warrant it, you are herewith instructed not to advertise any new contracts for work in your department."

BOARD REJECTS REPORT IN LITTLE RIVER DITCH CASE

Commissioners Decide They Have No Jurisdiction in Matter.

At the close of a session that ended at 2:30 o'clock this afternoon, the county commissioners announced that they would reject the last report in the Little River or Fast ditch case and it will probably be appealed by B. F. Brooks of Wabash, who is attorney for the petitioners who will have to pay the costs amounting in all to about \$7,000.

Mr. Brooks made a short argument today and the board went into an executive session that lasted several hours, after which the finding was announced. The last report in the matter was made by Benjamin Hiestand, of Huntington county, Joseph Banet, of Allen, and David Spindler, county surveyor. The rejection means that the board refuses to establish the ditch.

CHICAGO MEN WILL AID IN MAUMEE RIVER PLAN.

(Continued from Page One.)

President Roosevelt directly, and to have the president pass upon the suggestion in any message he may transmit to congress regarding river improvements in various parts of the country.

BANK RUN STOPPED BY PRIEST.

Pastor Allays Countrymen's Fears by Carrying Gold to Teller.

New York, Oct. 30.—Carrying two small hand bags filled with gold coin, \$725 in all, Rev. Boctianus Kwiatkowski, pastor of St. Anthony's Polish Catholic church, Jersey City, walked into the Provident Institution for Savings in that city yesterday, and going behind the receiving teller's counter emptied the bags. By this action he stopped a run on the bank, allaying the fears of two hundred of his countrymen who were lined up waiting for an opportunity to withdraw their savings. The Provident Institution is a savings bank, the oldest concern of its kind in the city. Many of the residents in the Polish quarter of the city deposited their savings there and while the bank is in a thoroughly sound condition someone started a senseless report in connection with it.

SEVERE STORM IN TEXAS.

Wires Are Down and News From Many Affected Points Is Meager.

Dallas, Texas, Oct. 30.—Telegraph, telephone and trolley wires are down in southern Texas today, as a result of a severe wind storm that passed over that section of the state at an early hour this morning. At Galveston several houses were damaged by the violence of the wind, but no fatalities occurred.

Telegraphic communication was had with Galveston at 9 o'clock today, but an hour later the underwriters association of that city ordered the power plant to cut off all currents until the mass of tangled wires could be properly repaired.

At Houston and Beaumont the storm did much damage to wires. Out houses were uprooted but no one is reported injured.

AGED INDIANA EDITOR DEAD.

Evansville, Ind., Oct. 30.—George B. Quigley, editor of the Leader at Newburg, Ind., and the oldest active democratic editor in southern Indiana, died yesterday. He was born in Pennsylvania in 1824 and served as a private in the union army. Death was due to paralysis.

REAL ESTATE TRANSFERS.

Transfers of Real Estate, Compiled by John C. Heller, Abstractor, 725 Court Street.

C. K. Fairchild to Edna D. Esch for \$1,500, lot 4 C. K. Fairchild's Fourth addition.

Wilhelmina Haller to Samuel Haller for \$1,500, lot 27 White's First addition.

A South African newspaper contains descriptions of the successful 18,000-acre irrigated farm of Dr. Eduardo Saldanha. The plantation, on which is being planted thousands of tropical and temperate zone fruits, is situated on the banks of the Umhlabuzi river near the Swaziland railway.

OLD RECORDS WERE DESTROYED BY DAMPNESS

Wreckers Find Box in Cornerstone of Old Berry Street Church.

Wreckers engaged in the work of tearing away the old Berry Street Methodist Episcopal church building shortly after 2 o'clock this afternoon came upon the box which had contained church records and other historical matter which had been placed in the cornerstone of the old church when it was laid almost fifty years ago.

The box was located at the southeast corner of the old building, and was imbedded in the brick masonry which constituted the corner pillar of the building, almost at the ground level. The box and its contents were taken to the office of the Ruride Dry Goods company.

The box itself, constructed of tin, is in a good state of preservation, but it had not been hermetically sealed, and the dampness of years has wrought sad havoc with the contents. They are rotted, moldy and blackened and have blended into a mass from which it is believed little can be deciphered. Apparently a touch would resolve the whole into tattered fragments.

There is a book, evidently a small bible, one or two copies of what are apparently religious journals and a number of trinkets, with possibly a coin or two. If there is a record of church membership or a history of the pioneer congregation, it is in all probability so rotted and blackened that it cannot be deciphered.

Unusual interest has attended the waiting for the finding of the old box, for few are living today who were present when it was placed in position, and even its location was a matter of doubt. George W. Brackenside was inclined to the opinion that the box had been placed in the northeast corner of the building, but it was not found until the workmen reached the southeast corner.

YOUNG MAN'S DEATH IS EITHER MURDER OR SUICIDE

New York Police Are Puzzled by Death of Wealthy Business Man.

New York, Oct. 30.—The autopsy which was to be held today is expected to clear up much of the mystery surrounding the death of Herman Bradley Potter, Jr., a prosperous insurance agent of Doylestown, Pa., whose body was found late last night in his room at the Waldorf-Astoria. Wounds on the head and body, including a fracture of the skull, inclined Coroner Harburger to the opinion that the man was murdered. A letter left by Potter for his wife, written in a fine hand and apparently without nervousness or anything to show the writer was dying, certain statements in the letter and the finding of a small jar which contained the remnants of powder, lead the police to express the opinion that possibly Potter had committed suicide.

Bids Family Good Bye.

In the letter Potter bids his wife and children good bye and tells his wife where to find certain documents relating to his business, which were in his desk at his home. He also tells of an attack on him by three thugs last Saturday night, two of whom he knocked down, but the third, he says, managed to sandbag him and render him unconscious, and while in this condition he was robbed.

After the assault, apparently, Potter was arrested for alleged intoxication, but was discharged in the night court. He made no report of the attack and robbery at the time, nor did he say anything about it at the hotel. Since his return to the Waldorf late Saturday night, Potter is said to have remained close to his room, sending out for light luncheons and drinks occasionally.

Bore Suffering Well.

He made no complaint of his wounds, and if he did not realize their seriousness the police think it strange that he should have written the letter to his wife arranging his affairs and bidding his family good bye, unless he had suicide in mind.

Telephone communication with Mr. Potter's home in Doylestown early today developed the fact that he left home a week ago yesterday to come to New York on a pleasure trip. He was in poor health and his physicians suggested that the change of scene might be beneficial. It was stated positively, however, that neither financial nor other troubles weighed on Mr. Potter when he left home. It was said that he was not melancholy and there was no indication that Mr. Potter contemplated taking his own life.

LEFT HOME IN ILL HEALTH.

Doylestown, Pa., Oct. 30.—H. Bradley Potter, Jr., who was found dead in New York last night, was a prosperous insurance broker of this place. He had left home two weeks ago in ill health. He went to Atlantic City. A week ago a letter received stated that he was going to New York for a few days. Later another letter told that he was staying at the Waldorf.

Since then his relatives had no word. His wife, who with the children, Allen, 14 years old, and daughter, Virginia, a few years younger, survives him. She became almost frantic because of her ignorance of his welfare. Last night his mother and his sister stayed with her, and it was while they were assuring one another that all was well that the tidings came.

Potter was about forty years old.

UNITED BRETHREN HAVE OPENED A METHOD SCHOOL

Bishop Matthews Leads Big Gathering of Church at Winona.

Winona Lake, Ind., Oct. 30.—The Central School of Methodists of the United Brethren church opened yesterday afternoon at Winona. This is the first meeting of the kind in the history of the church and through Bishop G. M. Matthews, of Chicago, the movement was started.

Bishop Matthews felt the need of closer touch with the presiding elders under him, which include the leaders in the United Brethren church in Indiana, Michigan, Wisconsin, Illinois, Minnesota and Iowa. Winona Lake was selected for the meeting because of its central location.

Yesterday afternoon's session was given over to general preliminaries, while at the evening session the keynote of the meeting was given by the bishop in his address on the purpose and scope of the conference.

"Hearty and enthusiastic co-operation of the presiding elders is a necessity of success," said Bishop Matthews. Through this conference the bishop hopes that the church will take great strides in mission work and in the men's movement.

Church Workers Welcomed.

Dr. S. C. Dickey, general manager of Winona, welcomed the church workers to Winona, after which the noted speaker and preacher, John Balcom Shaw, gave an address on "The Sowing of One's Life." About 150 were present last night, while it is believed that 500 are at the "Osterbein" at the United Brethren headquarters today.

At the morning session today A. E. Wright spoke on "The Local Church and Its Value to the Denomination."

"The country charge and the importance of work in the rural church" took up the rest of the morning program. J. F. King was one of the speakers and J. E. Padcock presided at a conference as how best to develop the rural church. This afternoon was given over to missions and J. Edgar Knepp on the foreign work.

Missionary Meeting.
In the evening the general secretary of the mission board of the U. B. church, the Rev. S. S. Hough, will speak on the "Enlarged Vision and Life of the Local Church." Walter G. Clippenger, of the Union Biblical Seminary at Dayton will also give an address on "The Psychology of Religion."

President Roberts of the Indiana Central Union college will be one of the speakers on Thursday, when the evangelistic and financial problems of the church are to be considered.

Dr. H. H. Font, James E. Shannon, Andrew Stephenson and J. M. Phillips, editor of the Religious Telescope, will be the speakers on the evangelistic questions, while J. S. Kendall, general secretary of the Christian stewardship, and W. G. Clippenger will speak on the finance.

The editor of the Watchword, H. S. Shoup, will conduct the young people's meeting, and the president of the Young People's Christian Union, J. G. Huber, will discuss the men's movement. "How to Get Men to Go to Church" is one of the interesting numbers on the program. This will be discussed from the layman's view by W. S. Needy and from the pastor's point of view by E. M. Davis, of Freeport, Ill.

The Arion quartet, made up of ministers from the St. Joe conference, will furnish the music during the week.

OLD GENERAL APATHY IS IN COMMAND IN GOTHAM

Campaign Drawing to Close Remarkable for Its Quietude.

New York, Oct. 30.—The present political campaign in this city has been remarkable for the apathy which prevails. All the noise and argument that usually occur before an election are missing and the lack of interest is demonstrated by the small amount of space devoted to political news by the daily papers.

It is an off year in earnest so far as election excitement and interest are concerned, due chiefly to the fact that only minor local officials and assemblies are to be chosen and that no issue of importance is at stake.

The only excitement of the campaign so far occurred in Brooklyn last night when Senator Patrick H. McCarran and Timothy L. Woodruff, the leaders respectively of the democratic and republican forces of that borough, met in joint debate. It was an outcome of a public remark by Senator McCarran that President Roosevelt was responsible for the financial flurry of last week. More than 5,000 persons heard the debate and the adherents of each of the debaters went home satisfied that their champion had won.

Mr. and Mrs. Henry Frank, well known to Fort Wayne people who visit Bear Lake, Mich., during the summer season, will arrive in the city about the middle of November for a visit with friends here. Later they will go to Ohio.

At the annual meeting of the Reformed synod at Bellevue, Ohio, a few days ago, Rev. Dr. A. K. Zartman, of Grace Reformed church, Fort Wayne, was made chairman of the synodal evangelistic commission, a place of much importance in the work of the church and one to which Dr. Zartman expects the coming winter to give much of his time.

WAS LONG A TRAVELING SALESMAN FOR THE BASS WORKS

James E. Noble Dies After Extended Illness— Other Deaths.

James E. Noble, well known citizen of Fort Wayne, who was for many years a traveling salesman for the Bass Foundry and Machine works, died at 3:15 o'clock this morning at his home, 125 Backenridge street, at the age of 72 years, 3 months and 25 days. For two years past Mr. Noble had been in feeble health, due to a general breakdown incident to advancing age, and during the past four weeks the aged man had been bedfast.

Mr. Noble was born at Federalsburg, Md., July 5, 1835, and in 1857 he removed to Ohio, locating at Xenia, where he was married. Later he removed to Van Wert, where he became interested in the Van Wert Foundry and Machine works. While still a resident of Van Wert Mr. Noble became a traveling salesman for the Bass works in Fort Wayne, and in 1870 he came to this city to reside. For thirty-five years he was connected with the Bass works, retiring three years ago on account of advancing age. He was a member of the First Presbyterian church and had many friends.

Surviving relatives include the wife and two children—William K. Noble and Mrs. Jennie Noble, of this city. Another son met death in an accident in the oil fields but a year or two ago.

Funeral services Friday afternoon at 2 o'clock from the residence, in interment at Lindenwood.

BOWERS.

James R. Bowers, a painting contractor who resided in Fort Wayne twenty years ago, died Sunday from pneumonia in St. Joseph's hospital at Kansas City, Mo., at the age of 57 years.

The remains were brought to Fort Wayne for funeral services and interment, arriving this morning, and were taken to the Peller undertaking rooms. Mr. Bowers will be well remembered by many friends in Fort Wayne. He has been residing at Argentine, Kan., but was removed to the hospital at Kansas City when his illness became acute. Surviving relatives include the wife and two sons, Harry and Edward Bowers, who accompanied the remains to this city.

Funeral services were held at Kansas City, and the interment will occur at 9 o'clock Thursday morning at the Catholic cemetery.

PELTIER.

William Clark Peltier, 70 years of age, died this morning at the home of his son, Nelson Peltier, 2219 Gay street, from diabetes.

The deceased was a native of Ohio, and is survived by three sons—Howard Peltier, of Harrod, O.; James Peltier, of Delphos, O.; and Nelson Peltier, of Fort Wayne. There is also a sister and two brothers.

The remains will be taken to Delphos Friday morning for interment.

TALBOT.

Lewis C. Talbot, colored, died this morning at his home, 1237 Hayden street, at the age of 52 years, 6 months and 23 days. Mr. Talbot was a barber by occupation, and is survived by his widow.

The remains will be taken to Paulding, O., for interment.

FUNERAL ANNOUNCEMENTS.

Krah.—Funeral services of Henry H. Krah will be held Thursday afternoon at 2 o'clock from the residence, 531 Madison street; interment at Lindenwood.

CHILD MANGLED ON RAILROAD.
Plays Near Switching Train and Falls Under the Wheels.

Knightstown, Ind., Oct. 30.—George Polk, the 2-year-old son of John Polk, an employee of the Cuneo Lumber company, of this city, was instantly killed this morning by freight train No. 57 on the Big Four. The Polks live within a block of the railroad and the three children, without their mother's knowledge, were playing near the track. While the freight was switching the little boy fell under the wheels and was horribly mangled before any one's attention could be attracted to the place.

TAKES REMAINS OF HER LOVER BACK TO OLD HOME

Miss Leonard Returns to Michigan With Body of Young Moore.

In charge of Miss Hazel Leonard, the sweetheart, who was utterly prostrated by the tragic death of her lover, the remains of Walter Moore, who lost his life by accidental asphyxiation in his room at the Commercial hotel in this city Tuesday morning, were taken back to the old home at Ewart, Mich., today.

The start on the sorrowful journey was made at 1 o'clock this afternoon, when the funeral party took a train northbound on the Grand Rapids and Indiana railroad, and one or two friends of the girl to whom Moore was engaged, accompanied her.

Miss Leonard reached the city shortly before noon from Hartford City, where she, with her sister, had attended the funeral of an uncle who was accidentally shot Sunday while at play with some children. It was in making the journey to Hartford City to attend this funeral that the Misses Leonard and Moore stopped in Fort Wayne, where the betrothed of the elder of the young women died as the result of either blowing out the gas or of not turning off the jet completely.

MARRIAGE LICENSE.

George A. Harrison, 36, theatrical man, and Anna E. Orman, 30.

WILL MEET AT VICKSBURG.

Next Reunion of Arm of Tennessee to Be Held in Historic City.

Cincinnati, O., Oct. 30.—Announcement was made today that the thirty-seventh reunion of the Society of the Army of Tennessee, whose executive committee is located here, is to be held November 7 and 8, at Vicksburg, Miss. The meeting is held in the southern city upon invitation of the people of Vicksburg, represented by the city authorities, the commercial organs and the survivors of the Confederate and Federal armies residing there.

Governor Vandam and Taylor Griffith will welcome the society. Major General Fred B. Grant, will speak on "The Vicksburg Campaign." An address will also be made by Lieutenant-General Stephen D. Lee, commander of the United Confederate veterans. General George M. Dodge is president of the society.

WOULD FIRE HIM SOME MORE.

Louisville, Ky., Oct. 30.—Acting on authority of State Attorney N. B. Hayes, county Attorney Lee Page today filed suit in the Jefferson circuit court to oust former Mayor Charles F. Granger from his place upon the state racing commission as a usurper. The contention is that Mr. Granger vacated his state office when he accepted a place on the Louisville water board.

IF YOU BOUGHT YOUR EYES

And you didn't get the right kind you could change them—and no harm done. But you CAN'T buy them. When you realize that your eyesight depends upon the kind of glasses you get you will demand THE BEST SERVICE OBTAINABLE. THE ROGERS METHOD OF EXAMINATION insures you correct glasses at the same cost of inferior service. THE ROGERS GUARD AND SYSTEM OF ADJUSTMENT makes eyeglass wearing a PLEASURE instead of a DISCOMFORT. NATIONAL BISCUIT COMPANY

FORTY SAILORS EATEN RUSSIAN ROYAL JEWELS BY CANNIBALS IN SOUTH SEAS. ARE REPLACED BY IMITATIONS.

Wrecked Off Tere Del Fuego They Fall Victims to Man Eaters.

New York, Oct. 30.—Eaten by cannibals was probably the fate of the crew of forty sailors that took the big sailing ship Arthur Sewell out of Philadelphia April 3 on the start of her long voyage to carry coal to the Philippines.

Word has just been received at the maritime exchange that the vessel was wrecked near Terra del Fuego and all signs point to the survivors having been captured by the cannibals that infest the island in that vicinity. The news of the wreck and the almost certain fate of the crew came from the sealing steamer Fridthjof.

Since the Arthur Sewell sailed not one word was received regarding her until a letter came yesterday from the Norwegian sealer. The Sewell's first stopping point was to have been Seattle.

Discovers Traces of Crew. The Fridthjof reports that on Aug. 23, while cruising near the southeast headland of Noir Island, half way between Cape Pillar and Cape Horn, the lookout reported a derelict ahead. The derelict proved to be a four-masted square-rigged ship that in every way answered the description of the Sewell.

As the wreck was evidently very recent, the Fridthjof's captain made investigation in the hope of discovering some of the possible survivors. On the shore of Noir Island a landing party from the Norwegian vessel discovered traces proving that a considerable party from the wreck had made its way to land. The trail led away from the beach.

Danger Ends Search. The sailors from the Fridthjof followed the trail as far as they could make it out, but finally had to abandon the search owing to the danger from the cannibals that inhabit the island. The fate of the shipwrecked sailors seemed certain to the men from the sealing steamer. The natives on the island in that part of the sea are cannibals of the fiercest kind and shipwrecked sailors could have little hope of escaping from them. In the hope of discovering something more about the fate of the ship and her crew, divers with a strong party have been sent to Noir Island.

MEALS FOR TOMORROW

(Chicago Record-Herald.)

THURSDAY, OCTOBER 31.

A MENU FOR HALLOWEEN. Some merry, friendly country folks together will convene. To burn their nuts, and pour their stocks. And hand their Halloween Burns.

Breakfast.—Basket of Mixed Fruit, Hot Apple, Cream and Sugar, Boiled Mushrooms on Toast, Hot Scrambled Eggs, Coffee.

LUNCHEON OR LATE SUPPER. Oyster Patties, Pumpkin Pie, Cheese Cakes, Quince Jelly, Roasted Chestnuts, Popcorn, Sweet Cider.

Dinner. Cook a Leek, wash and trim it. Cut it into a cup of water, two level tablespoons hard, one-third cup sugar, a teaspoonful salt, and when lukewarm, three cups flour and a yeast cake which has been dissolved in one-half gill of lukewarm water, let rise till light—about three hours, then stir in a tablespoonful of butter, and when ready to serve take out the loaf, cut it into slices, and put the pieces in a large tureen and pour over the soup, which should be very thick with leek. The name of the soup is Scotch. It is a warm place till doubled in bulk.

Cook a Leek. Wash and trim it. Cut it into a cup of water, two level tablespoons hard, one-third cup sugar, a teaspoonful salt, and when lukewarm, three cups flour and a yeast cake which has been dissolved in one-half gill of lukewarm water, let rise till light—about three hours, then stir in a tablespoonful of butter, and when ready to serve take out the loaf, cut it into slices, and put the pieces in a large tureen and pour over the soup, which should be very thick with leek. The name of the soup is Scotch. It is a warm place till doubled in bulk.

Harvest Salad.—Is made of apples, celery and nuts, with cream mayonnaise dressing. Some unusual recipes are given. Pumpkin pie is a favorite German bread, work a leek a delicious Scotch dish. Cheese cakes are English, recipe has appeared. Scotch Scotch. Many suggestions have been given in The Sentinel and other columns for Halloween sports and pastimes. I will append directions. Seven girls are supposed to make the dumb cake and during its connection not a word must be uttered. The sterner sex is banished. The cake, made of nothing except flour and water, is mixed to a stiff dough and placed in a pan. If anyone dares to speak she is thrust out of the charmed circle, will be the last to be married, and find a pumpkin pie for a centerpiece. Make a wreath about it of leaves and yellow autumn leaves and place others about the table in irregular fashion. Electric light globes may be covered with orange-colored tissue paper. Have an open fire if possible. Sing "And Lark Syne" and other favorite Scotch songs. Decorate rooms in harmony with the occasion.

BEWARE OF OINTMENTS FOR CATARRH THAT CONTAIN MERCURY. As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescription from reputable physicians as the danger to the system is too great. The good you can possibly derive from them, Hall's Catarrh Cure, manufactured by E. J. Cheney & Co., Toledo, Ohio, contains no mercury and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by E. J. Cheney & Co. Testimonials free. Price, 75c per bottle. Sold by Druggists.

Take Hall's Family Pills for constipation.

Dream Reveals Secret of Substitution of Historic Regalia.

St. Petersburg, Oct. 29.—The remarkable substitution of certain historic relics of considerable intrinsic value in the Hermitage museum in this city has been revealed, according to a current story, by means of a dream, and the matter has attracted much attention from superstitious lower classes of the capital.

A subscriber to the Russkoe Znamya wrote to the paper saying that for three nights in succession he was visited by the "phantom" of the early custodian of the treasures, who complained of their disappearance. The treasure consisted of a collection of golden medals struck off by the various emperors of Russia in memory of great historical events, as well as a number of antique golden coins found during excavation work in southern Russia.

The "phantom" complained that these had been replaced by copper replicas, and it declared further, according to the writer, that a number of the diamonds belonging to the crown regalia stored in the Hermitage museum and valued at \$10,000,000 had been replaced by glass imitations.

The publication of this dream was followed at once by semi-official denials, but yesterday it was admitted that the medals and coins had been substituted because of the danger of their being carried away during some extreme revolutionary disorder. The originals, it is declared, are stored in safety. The disappearance of a jewel headed cane which belonged to Peter the Great, reported by the "phantom," also is admitted, and many persons believe that the "phantom" may be right regarding the regalia diamonds.

India's export trade in spices amounted last year to over \$16,000,000.

to threaten the cash reserves of other parts of the country.

Mr. Bryan has invaded Kentucky and is stumping the state for the democratic ticket. Meanwhile Colonel Watterson has shrunk farther and if possible yet farther into the editorial hole and has nothing to say. Any subterranean explosions during the next day or two may easily be accounted for. With Bryan stalking up and down his own dark and bloody ground Marse Henry can hardly be expected to refrain altogether from busting out a little himself now and then.

This talk emanating from some source or other of making Lawyer E. G. Hoffman, of this city, democratic chairman of the Twelfth congressional district is entirely misleading. Mr. Hoffman's relation to the next campaign in this district beyond question will be as the candidate of his party for congress. The brilliant young lawyer and orator fills the bill to the last nicety. He is not only such a man as the party can elect in splendid triumph, but would make such a congressman as not only his own party but the entire citizenship of the district would be proud to own as representative in the national congress.

It is now reported that Hon. John L. Griffiths is coming home to run for the republican gubernatorial nomination. Be a mighty lot like old times to see the brilliant Indianapolis orator telling the delegates that if it's a real top-notch governor they want he's the man for 'em. Mr. Griffiths was a candidate in 1896, when the honor went to James A. Mount. He plunged into the tide again in 1900 and saw Winfield T. Durbin pluck the plum just as easy as he'd please. Four years later Mr. Griffiths was a near-candidate; that is to say, receptive, attentive and waiting, but in no wise aggressive. Then came the opportunity to reward long party service and melodious oratory and Mr. Griffiths was sent as United States consul to Liverpool, a berth he has filled with much credit to himself and honor to the republic. Fact of the matter is, it was thought he had been nicely provided for, a 4 indefinitely disposed of. It seems not.

Have an idea that a little diligence would unearth a very nasty mess of business carried on by certain saloonkeepers and minors. There have been saloons in this city that catered with some distinctness to the "baby trade," and selling drinks without question to lads whose cheeks were innocent of down and in other cases permitting them to play pool and other games forbidden by law. A saloonkeeper violates the law and is liable to a heavy fine and other penalty if he permits minors merely to loiter in his place. We have repeatedly called attention of the police to this phase of the saloon evil. Every now and then boys are picked up in a state of beastly drunkenness. Occasionally a saloonkeeper is arrested on the evidence of these debauched minors. Conviction generally has been followed by nominal punishment. No consistent or determined effort ever has been made by the police department to break up the scandalous practice of selling intoxicants to boys. This debauching of youth is dealt with only as accidental occasion presents it. There are daily hundreds of instances of violations of the law against selling intoxicants to minors. Simply nothing is done about it.

EDITORS PLAN BRYAN SPREAD.

Will Hold Meeting at Which State Candidates Will Be Present.
Lafayette, Ind., Oct. 30.—The Tenth District Association of Democratic Editors will hold a meeting in this city Dec. 7 and continuing over the following day.

Yesterday the decision was reached to make the event notable in northern Indiana politics by giving a banquet for which about 300 covers will be laid. The democratic candidates for governor will be the honored guests, while the principal address will be given by Michael Foley, of Crawfordsville.

The initial steps for the event were taken today by President Darling, of the editorial association, in the naming of a committee of twelve prominent citizens, headed by Mayor Darrow, to have the arrangements in hand. It will be distinctly a Bryan meeting, inasmuch as the Nebraska has been declared to be the choice of the editors of the district, and the program will be arranged with the view of further developing sentiment for the commoner in this section of the state.

Effective November 1st, Toledo and Chicago Interurban cars leave Fort Wayne daily 7:00 A. M. and every two hours until 11 P. M., for Hometown, Garrett, Auburn Jct., Auburn, Waterloo, Avilla and Kendallville.

GIVES THIS SIMPLE HOME MADE BLOOD TONIC TO MIX

Splendid Prescription to Be Used When the Blood is Out of Order.

A leading health journal, in answering the question, "What is the best prescription to clean and purify the blood?" prints in a recent issue the following: Fluid Extract of Dandelion one-half ounce, Compound Kargon one ounce, Compound Syrup Sarsaparilla three ounces. Shake well and use in teaspoonful doses after each meal and at bedtime.

A well known local druggist who is familiar with this prescription states that it is harmless, being composed of simple ingredients which can be obtained from any good prescription pharmacy.

It cleans the blood of all impurities and nourishes the blood. In just a few days the skin begins to clear of sores, boils and pimples. It puts vigor and energy into run-down, debilitated men and women. For many years Sarsaparilla alone has been considered a good blood medicine. But while it built up and made new blood, the impurities remained within and the good accomplished was only temporary. Sarsaparilla, however, when used in combination with Compound Kargon and Extract of Dandelion works wonders. This combination puts the kidneys to work to filter and sift out the waste matter, uric acid, and other impurities that cause disease. It makes new blood and relieves rheumatism and lame back and bladder troubles.

This prescription is better than the usual patent medicines, which are in the most part alcoholic concoctions. The ingredients cost but little and are easily mixed at home. Every man and woman here should make some up and try it if they feel their system requires a good blood medicine and tonic.

The Kargon to clean the kidneys and vitalize them so they can clean the blood, Sarsaparilla to make new rich blood and Dandelion to tone the stomach, clean the liver and make it active and relieve constipation is the way the prescription acts and so mildly and gently that one does not consider they are taking a medicine.

The Ladies' society of the First Baptist church will hold an all-day meeting tomorrow to sew and will meet at 10 o'clock a. m. A fried chicken supper will be served to the general public from 5:30 to 7 p. m.

A horse in good condition can exist about twenty-five days without food, so long as he has plenty of water to drink.

Twenty-Five Years Ago

What The Sentinel Had to Say About Persons and Events Twenty-Five Years Ago.

Hon. Joseph Butler, of Angola, greenback candidate for congress, is at the Avelline.

Hon. Robert C. Bell left today for Whitley county to deliver several political addresses.

Rink Mergel and Harry Moritz went to the reservoir this morning and killed thirty-eight ducks.

The election comes on apace. The county democratic ticket will be elected by a majority of from 2,500 to 3,500.

Forty hours' devotion is in progress at the Cathedral. Rt. Rev. Bishop Dwenger preaches this evening at 7:30.

Several stage carpenters will arrive next week to fit up the Academy stage for the forthcoming production of "The Lights of London."

Deputy Sheriff E. F. Clausmeier handed in his resignation Saturday evening. He is devoting his time to energetically electioneering for the democratic ticket.

Mary Anderson as Pauline, in "The Lady of Lyons," is announced for the Academy of Music November 3. Billy Rice and Hooley's minstrels are here on Friday night.

Not a saloonkeeper violated the

ORLAND WILL ENTERTAIN THE SEMI-ANNUAL MEETING

Association of Congregational Churches and Ministers.

Rev. Dr. Henry T. Sell, pastor of Plymouth church, and D. Burns Douglas, also of this city, are on the program for addresses at the semi-annual meeting of the Fort Wayne Association of Congregational Churches and Ministers. The meeting will be held at Orlando Nov. 5 and 6 and each Congregational church in the district is entitled to two delegates to the session.

The Complete Program.
The program for the convention is as follows:
Tuesday Evening, Nov. 5.
7:30—Devotional service led by Rev. W. W. Shumaker.
Address by Raymond E. Willis. Retiring Moderator.
Communion service by Rev. J. Humphreys.
Offering for Ministerial Relief.
Wednesday Morning, Nov. 6.
9:30—Devotional service led by Rev. F. O. Fulgham.
9:45—Organization and Business.
10:15—Address: "Swivel Guns," by D. Burns Douglas, Fort Wayne.
11:00—Address: "Work in the South," by Rev. E. O. Mead, of Mt. Vernon, O.
Wednesday Afternoon.
2:00—Devotional Service led by Rev. John R. Mason.
2:15—Business. "The National Council," by Rev. H. T. Sell, D. D., Fort Wayne.
3:30—Address: "Foreign Missions," by Rev. J. W. Choate, Kokomo, Ind.
4:00—Address: "The Forward Movement in Indiana Congregationalism," by Rev. J. W. Choate, Kokomo, Ind.
Offering for Home Missions Committee.
Wednesday Evening.
7:30—Song service and Devotions led by Chester Harper.
8:00—Address: Rev. A. E. Ricker, Superintendent of Home Missionary Work in Indiana.
Offering for Association Expenses.

STATE CONFERENCE ENDS.

New Officers Chosen by National Christian Association.
The Indiana conference of the National Christian association, which has been in session at the Bible Training school, came to a close Tuesday evening. New officers for the coming year were elected as follows:
President—Rev. J. Beers, Peru.
First Vice President—Rev. C. A. Mumford, Huntington.
Second Vice President—Elder L. H. Eby, Fort Wayne.
Third Vice President—Rev. D. Y. Schultz, Fort Wayne.
Secretary—Rev. C. H. Ingersoll, Fort Wayne.
Treasurer—Fred Rohrer, Berne.
The organization is in opposition to secret societies and its work at the Fort Wayne conference was almost entirely along this line.

There are different grades of oil stones, hard and soft. The best oil to use on an oil-stone is paraffin; water is better on a hard stone.

W. L. DOUGLAS THE BEST \$3.50 SHOES

Men in every walk of life, in all professions and trades, the gentleman of leisure and the working-man—all wear W. L. Douglas \$3.50 shoes because they are the best.

\$25,000 Reward To any one who can show that W. L. Douglas shoes do not make and sell more men \$3.50 shoes than any other manufacturer.

THE REASON W. L. Douglas \$3.50 shoes are worn by more men in all walks of life than any other make, is because of their excellent style, easy fitting and superior wearing qualities. The selection of the leathers and other materials for each part of the shoe, and every detail of the making is looked after by the most complete organization of superintendents, foremen and skilled shoemakers, who receive the highest wages paid in the shoe industry, and whose workmanship cannot be excelled.

If I could take you into my large factories at Brockton, Mass., and show you how carefully W. L. Douglas \$3.50 shoes are made, you would then understand why they hold their shape, fit better, wear longer, and are of greater value than any other \$3.50 shoe.

My method of tanning the bottom soles produces more flexible and longer wearing leather than any other tanner.

W. L. DOUGLAS \$4.00 GILT EDGE SHOE
Cannot Be Equalled at Any Price.
W. L. DOUGLAS BOYS' SHOES \$1.75 AND \$2.00. JUST THE SAME AS MY MEN'S \$3.50 SHOES. THE SAME LEATHERS, FOR \$1.75 AND \$2.00.

CAUTION. The genuine have W. L. Douglas name and price stamped on bottom. Take No Substitute. When in need of shoes, if not convenient to go to W. L. Douglas store, ask your dealer for W. L. Douglas shoes. If he cannot supply you, send direct to factory. Shoes mailed everywhere. Illustrated Catalog free. W. L. DOUGLAS, Brockton, Mass.

W. L. DOUGLAS SHOE STORE IN FT. WAYNE: 818-820 CALHOUN STREET.

Dr. PRICE'S CREAM BAKING POWDER

For half a century American housewives have found Dr. Price's Baking Powder a guarantee of light, sweet, pure and wholesome food.

Makes the perfect biscuit, cake and bread.

MEN HELD A BANQUET.

Men who are identified with the congregation of the First M. E. church enjoyed a banquet in the church parlors last evening, fully one hundred participating in the pleasures of the occasion. Following a four-course dinner was an enlivening

toast program, with C. W. Church presiding. Schlatter's orchestra furnished music. W. B. Ralston rendered a solo and there were addresses by A. R. Hiron, W. J. Robinson and Rev. G. A. Rowland, a reading by Rev. H. S. Nickerson and selections by the Lakeside quartet.

Norway has 16,277 unionists.

FIRE-ALARM WEDDINGS ARE BARRED FROM SANCTUARY.

Rector of "Little Church Around the Corner" is for Reforms.

New York, Oct. 30.—Elopers who seek hasty or secret marriages no longer will find a Green in the "Little Church Around the Corner," famous throughout the country for the romantic unions that have been effected there.

This is the decision of Rev. Dr. George C. Houghton, rector of the church. He has declared that hereafter the sanctuary over which he presides shall not be the place for the performance of ill-advised marriages or of any kind that cannot be considered regular in the fullest sense of the term.

To that end Dr. Houghton says that when it is possible publicly shall attend any marriage at which he may officiate henceforth. It is his purpose that the banns shall be published in the old-fashioned way before the ceremony so that any third person who may know there are reasons why it should not take place may be able to appear.

Sends Catholics to Priests.

Dr. Houghton will refuse also to marry members of the Roman Catholic faith, for no reason beyond his conviction that they should seek clergy of their own church and because in such cases a second marriage according to the Catholic ritual usually is deemed necessary.

Perhaps the most important feature of Dr. Houghton's departure, however, is his resolution not to marry any persons who cannot prove to his satisfaction that they are of the required legal age or, if they are minors, that they have consent of their parents or guardians.

Discussing the matter, Dr. Houghton said: "I want people to get rid of the idea that this is a good place to come to be married secretly. For that reason I am doing all that I can to discourage such marriages. That is my reason for deciding that hereafter wherever possible the banns of those intending to be married here shall be published in the church. Experience has proved that publication of banns works for the best interest of everybody except the divorce lawyer."

Refuses to Marry Many.

"Every one who wishes to be married here," Dr. Houghton went on, "must first show me there is no reason why I should not perform the ceremony. For this reason in the three months ending Oct. 1 I refused to marry 265 couples. Some of these applicants had been divorced, but in the majority of the cases they could not convince me that the families of both sides knew of their intention of being married and approved it."

"Then others of these applicants were Roman Catholics. I always refuse to marry them, referring them to some priest of their own faith. That is better, I think, for everybody. In deciding to require the publication of banns I felt that it could do no possible harm, and would do good, if there is good reason why the marriage should be prevented you can

FOOD POISONS

90 Per Cent of All Diseases the Result of Undigested Putrefying Foods.

Men of affairs, women of society and children with active brains are too often sedentary in their habits, giving little time to exercise. To this evil is added that of high and irregular living—as a result, the stomach cannot stand the demands made upon it. The abused and overtaxed stomach does not properly do the work of digestion, food taken in ferments and the poison permeates the whole system. The body loses in weight and becomes a prey for the attack of whatever disease it may encounter.

Did it ever occur to you how busy that stomach of yours is? It only holds three pints, but in one year you force it to take in 2,400 pounds of material, digest it and prepare it for assimilation into the blood. No wonder it rebels when overworked. We crowd it with steaks and pastry, irritate its juices with spices and acids, and expect the stomach to do its work. It can't do it.

All over the inner layer of the stomach are glands which secrete the juices necessary to digestion. The entrance of food into the stomach is the signal for these glands to do their work. The more the food, and the more indigestible, the greater the demand upon them and upon the muscles of the wall adjoining.

Think of the tons of high-seasoned game, sweetmeats and appetizers crammed into this little four-ounce mill, and then wonder, if you will, why you are dizzy or nauseated or constipated. Don't blame your stomach or curse your fate that you should be born so unfortunate. Blame yourself and apply the remedy.

First, get a small package of Stuart's Dyspepsia Tablets, taking one after each meal and at bed time. They are not a medicine, but a digestive. Your stomach is worn out and needs help, not medicine. Stuart's Dyspepsia Tablets will do the work that the stomach fails to do. There's enough power in one grain of Stuart's Dyspepsia Tablets to digest 3,000 grains of ordinary food, so you needn't fear that anything you eat will remain in your stomach undigested.

Stuart's Dyspepsia Tablets will rout the poison because they remove the cause—food fermentation. They are nature's own cure for dyspepsia. The host of troubles dyspepsia is father of cannot be numbered, for a healthy stomach is the source of all health.

Seize your opportunity before worse conditions confront you. Send today for a free trial package of Stuart's Dyspepsia Tablets. They will bring your stomach relief. P. A. Stuart Co., 150 Stuart Bldg., Marshall, Mich.

Dukes-Rose-Schirmeyer Co.'s

Business Principles

BY THEIR AD MAN.

SECOND PRINCIPLE

Small Profit System

What is net profit? Net profit is the gain left a seller after he deducts the first cost of what he sells plus his expense in selling it, from the amount he receives for it.

Mr. Farmer has five hundred bushels of wheat for sale, the entire product of his small farm. The cost of the seed originally was but a trifle and if the farmer should add only 5 per cent profit to the cost of the seed and consider that 5 per cent clear gain he would find himself compelled to live on a diet of country air with spring water as a relish, for the rest of the year. What Mr. Farmer must do is add to the original cost of his seed, his expense for working the ground, his own cost of living for the year, the rent he pays for his farm, the cost of keeping his horses fed, and machines and wagons in repair and then divide his whole expenses, so obtained, by the number of bushels of wheat, thus getting the actual cost of raising the wheat per bushel. Then Mr. Farmer wants, and should have, some profit to lay by for a rainy day, for which purpose he adds to the cost of producing each bushel a percentage, or what is called "net profit."

It is the same with the mechanic and professional man and the clothing merchant can't grow fat off of fabric dust and moth balls any more than the farmer.

Dukes-Rose-Schirmeyer Co. make a profit off of everything they sell

with a few exceptions. Now as to its size.

If a grocer, for instance, handling perishable fruits, finds that as a rule he can average to sell about two-thirds of the fruit he gets in and consequently loses the other third, he must add to the cost of the two-thirds he sells, the cost of the one-third he loses, otherwise he would soon be bankrupt. He cannot get in less fruit often, for he sometimes hasn't enough and then again he has three times too much. His business in any particular kind of fruit at the best only can be estimated. In all lines of business the same principles apply. In the clothing business if it is the policy of the management to make his bona fide cut price sales, at the end of the season, the goods they sell then represent a loss over their actual cost to the merchant and he must take that loss into consideration when marking his goods at the beginning of the season. In other words, the early buyer helps to pay for the late buyer's merchandise.

Dukes-Rose-Schirmeyer Co. avoid this evident injustice by avoiding "sales" as much as possible. They are thus able to mark their goods lower at the beginning of the season, giving everybody a chance to buy at the same price—one that represents a live and let live profit—and by doing a large volume of business, making a sufficient profit out of this business to satisfy their modest requirements. Again, located as they are, just across the transfer corner north, their expenses are kept at a minimum which also makes a perceptible difference in their prices.

In closing I wish to say that all my talks are purely statements of principles and facts regarding Dukes-Rose-Schirmeyer Co. and in no way does my firm, nor do I wish to "knock" any competitors. We both are on the best terms possible with all our competitors; we thoroughly respect them, and in stating D.R.S. principles I merely submit them, and the logic back of them, for your kind consideration.

I believe I have justified my use of the phrase, "small profit system," and "Cross the transfer corner going north and save \$5.00 on your next suit," in connection with D.R.S. ads. in this talk.

see where a world of trouble and sorrow is blocked. And the lawyers lose fees and the divorce courts are saved much trouble."

Northern Indiana News and Gossip

A Toledo and Chicago interurban car struck a drove of hogs which had wandered upon the track between Avilla and Kendallville. Two of the porkers were killed.

Isaac N. Whittenberger, a pioneer resident of South Whitley, died Monday night at his home in that place. He was formerly in business at Chubbuck and was 74 years of age.

Huntington is to have a new gas plant next year and the price of artificial gas will be reduced from \$1.25 to \$1 per thousand cubic feet. This will be the last winter for natural gas in Huntington.

St. Paul's Catholic congregation at Marion will establish a parochial school there, the first in Marion. The movement was inaugurated following a visit of Rt. Rev. Bishop Alving to that city.

Garrett merchants and business men to the number of 125 held a meeting and endorsed the efforts of the banks to keep funds at home and protect local business interests. Mayor Thumma presided.

While Frank H. Lancaster, of Richmond township, Whitley county, was attending a sale near Pierce, Tuesday his home was destroyed by fire which is believed to have originated from an over-heated stove.

Mrs. Mary E. Johnson was granted a divorce at Decatur from Elmer Johnson, former county clerk, securing her decree upon a cross-complaint filed when her husband instituted divorce proceedings. Adultery was the principal allegation made by Mrs. Johnson.

C. S. Wert, of Kendallville, has been notified by the commissioner of patents that his device for a cement brick machine had been given the decision of priority in litigation which has been in progress for several years. Shortly after he began making the machines a South Bend firm alleged infringement.

John Merit, of Wabash township, Adams county, has been arrested on complaint of a neighbor, who alleges assault with intent to kill. Merit explains that he shot at a neighbor's turkeys in an effort to drive them off his premises and that the neighbor coming to the rescue of the fowls got into the line of fire. He was released upon a \$500 bond.

Mrs. A. C. Farber, of Warsaw, has become alarmed over the safety of her brother. He was an engineer with headquarters at Fillmore, Ind., and visited Fontanet about the time that town was wrecked by the powerful explosion. She has been unable to get any trace of him since the explosion and fears that he may have been killed.

Due, as physicians say, to overindulgence in high school athletics, John McArthur, a graduate of the Huntington high school last spring, is now a physical wreck and he and his mother leave that city for New Mexico in the hope of staying the ravages of disease which in less than six months has reduced him in flesh from 180 pounds to a shadow of his former self.

Mrs. Mary Elkenberry-Weeks, the Chubbuck druggist, will soon have ready for the publishers a volume of poems written by her husband, Geo. T. Weeks, formerly editor of the Garrett Herald and connected with other Indiana newspapers. Mr. Weeks died of typhoid fever in Peru a short time after he wedded Miss Elkenberry. He was a writer of well known and recognized ability.

Fifty farmers near Bluffton, armed with shotguns, hunted crows Monday night. They started out at 7 o'clock and continued their hunt until after 10 o'clock. The farmers killed more than one hundred crows, but failed to find the flock of a thousand or more

HOME OF GOOD CLOTHING

DO IT NOW

If You intend purchasing a Piano, don't put it off. What's the use?

A piano is a great pleasure in the home. It exerts a broad influence in the lives of people. The great Rubenstein once said that piano instruction should be made compulsory, if only to lighten the troubles and vexations of man and woman. Certainly there's nothing that brings more gladness and sunshine into the home than a good piano.

A fortunate selection, then, becomes a matter of vital importance. After many years of experience in the piano business Mr. Jacobs is able to judge good pianos. He will carry on his floor only such instruments as he can conscientiously recommend. The quality of tone found in his pianos is a standard upon which the reputation of the Jacobs Music House rests, and "when it come from Jacobs", it's all right."

In our line is found the following high-class and reliable makes of instruments:

Mason & Hamlin, Shoninger, Haines & Co., Kranich & Bach, Melville Clark, Marshall & Wendall, Melvin, Smith & Barnes, Keller Krakauer, Vough and Several Others.

Remember that this store is the recognized Player Headquarters. We carry more player-pianos and have the only available library of music in the city. Our leader, the Melville Clark Apollo Piano, is acknowledged the king of all player-pianos.

Come and pick out one of these gems. Easy payment terms to those who want them.

GEO. JACOBS MUSIC HOUSE

1021-1025 Calhoun Street.

which they sought. For some time Wells county has been overrun with crows and much damage has been done by them. It was to prevent further damage that the hunt was planned for Monday night. Birds were heard in the branches of trees and they were soon brought down.

HOW TO CURE A COLD.

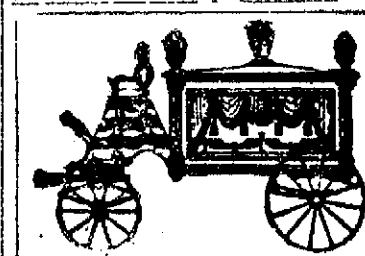

The question of how to cure a cold without unnecessary loss of time is one in which we are all more or less interested, for the quicker a cold is gotten rid of the less the danger of pneumonia and other serious diseases. Mr. B. W. L. Hall, of Waverly, Va., has used Chamberlain's Cough Remedy for years and says: "I firmly believe Chamberlain's Cough Remedy to be absolutely the best preparation on the market for colds. I have recommended it to my friends and they all agree with me." For sale at all druggists.

Of recent years only six deaths occur to each one hundred amputations. This is owing to the improvements in antiseptic surgery.

Quincy, Sprains and Swellings Cured. "In November, 1901, I caught cold and had the quinsy. My throat was swollen so I could hardly breathe. I applied Chamberlain's Pain Balm and it gave me relief in short time. In two days I was all right," says Mrs. L. Cousins, Otterburn, Mich. Chamberlain's Pain Balm is a Uniment and is especially valuable for sprains and swellings. For sale by all druggists.

SOCIETY

Mrs. Herbert L. Somers' bridge party at her home, 343 West Sutherland street, this afternoon for Miss Woolsey was a beautiful little affair without formality of appointment. The decorative scheme was carried out in yellow and red colors with a suggestion of Halloween festivities as part of the plan. In the center of the table at supper was a carved pumpkin which displayed the christian names of Miss Woolsey and her fiancé. This pumpkin was filled with red carnations and yellow chrysanthemums. In front of Miss Woolsey's place burned seven small red candles, that number being considered the bride-elect's "lucky" number. Flowers and autumn foliage decorated the room. The guests were intimate friends of the honor guest, Miss Mary Jennings, of Chicago and Mrs. William Fielder, of Port Tampa, Fla., were visiting guests.

Dr. and Mrs. Henry Ranke will entertain members of the Ranke and Eckart families on Friday evening in honor of the approaching nuptials of Miss Bessie Eckart and Frederick Ranke, which will take place in November.

Miss Isabel Beuret has returned from a visit in Chicago.

Miss Ruth Slater, of East Lewis street, will be hostess for a Halloween party tomorrow evening.

The Philomath club will meet with Mrs. Philip Dixon, 1609 Cass street, Friday afternoon.

The Caledonian society will have its usual Halloween celebration tomorrow evening in their hall.

Mrs. M. E. Lane, of Huntington, is visiting her daughter, Mrs. Will Grim, of 336 Washington boulevard west.

Miss Blanche Hart went to Detroit yesterday to attend the Reed-Fullenkamp wedding.

Mr. and Mrs. Frank Hughes, of Marion, Ohio, who were guests of Miss Ella Anderson, have returned home.

The young ladies' society of Zion's Lutheran church will have a Halloween party in their hall tomorrow evening.

A hostess for a little Halloween party tomorrow will be Miss Margaret Struve, of Scott avenue, who will entertain in the evening.

Mrs. W. M. Fielder, who is visiting her parents, will be accompanied by her sister, Miss Blanche Bilderback, when she returns to Port Tampa, Fla., in a few days.

Mr. and Mrs. Perry Archer entertained the Monday Night Pedo club this week. This was the second meeting of the club for the fall season.

The Misses Harriet, Georgia and Nina Peckham, of South Harrison street, will have a Halloween party and entertain a few friends Thursday evening.

Miss Evelyn and Miss Ruth West, of Cleveland, who were visiting Mr. and Mrs. Joe West, left today for Holgate, Ohio, for a visit before they return home.

Miss Elma Daw, who is visiting Miss Clara Porter, will be honor guest at an informal company on Friday evening at the home of Mrs. Ben Perley Weaver.

The Halloween party for which Mrs. Edward Scheuman and Mrs. Ernest Gerke will be the hostesses will be given at the home of Mrs. Gerke, on West DeWald street.

The N. L. U. club members were entertained by Miss Lilla Plymmer at her home on Savilla avenue, Monday evening. Miss Lizzie Oetting and Miss Mina Hirschmann won the prizes.

Mrs. Harry Rump and daughter, Wilfred, of Detroit, who have been visiting Mrs. S. K. Rump, of this city left yesterday for Van Wert, O., to remain two weeks before returning to Detroit.

The members of the South Side Tennis club will have a Halloween celebration tomorrow evening at the home of Mr. and Mrs. A. A. Serva, on Hoagland avenue. Mrs. A. L. Hadley will assist in entertaining.

Dr. and Mrs. Eldridge C. Price and Reginald C. Price, of Baltimore, are in the city to attend the wedding of Marjorie Price and Miss Donna Saylor which will take place this evening at 8:30 o'clock in Plymouth church.

Miss Elizabeth Egan's guests, Miss Marian Sears, of Holyoke, Mass., and Miss Eva McNewitz, of New York city, who have been here about ten days, will leave tomorrow for their respective homes. The young ladies were college friends at Vassar.

Mrs. Harry Quicksell and Mrs. John Heller will celebrate their birthday anniversaries tomorrow evening at the home of Mrs. Quicksell. A year ago the birthday celebration was held at the home of Mrs. Heller. Mrs. Quicksell will give a dinner tomorrow evening, at which covers will be laid for fourteen. Mrs. Gus Schlicher, of Mattoon, Ill., a sister of Mrs. Quicksell, will be the honor guest.

The Rome City club, which consists of Messrs and Mesdames Carl Yaphle, J. E. K. France, Herman Michael, F. H. Poole, E. W. Cook, W. J. Vesey, A. L. Randall, A. J. Vesey, M. L. Jones, W. F. Graeter, Fred Hoam and O. N. Heaton, held the first meeting of the season with Mr. and Mrs. Frank Poole last evening. There

was a merry company and progressive pedro was really a small part of the good time. Prizes were won by Mr. and Mrs. Yaphle, Mrs. Michael and J. E. K. France.

Miss Genevieve Schulte, of East DeWald street, gave a little party and a shower of miscellaneous gifts on Monday evening in honor of Miss Sophia Wirges. Cards and music were the entertainment and considerable fun was produced by having tally cards attached to discarded shoes as an indication of good luck for the coming bride. Miss Wirges. Other guests were Misses Nellie Shea, Sadie Laughlin, Mayme Shea, Agnes Arantz, Birdie Adkins, Frieda Smith, Katherine Otten, Cecelia Scheid, Josephine Herber, Pearl Scheid, Genevieve Schulte.

A newly organized social club of young ladies met last night with Miss Theresa Dierkes, of Barthold street. The name of the club has been selected for the club and pedro will be the principal amusement at the meetings. The decorations in the parlor were bitternut vine and berries and flowers of the hydrangea. In the dining room, where a luncheon was served after the game, autumn foliage and vines were used. Miss Rose Kichler and Miss Johanna Kocks won the prizes at cards. The members of the Bittersweet club are Miss Anna A. Rocholl, Miss Alina Swanson, Miss Rose and Miss Elanore Kichler, Miss Johanna Kocks, Miss Rose Lily, Miss Theresa Voehner and Miss Dierkes.

Blaising-Merz.
Miss Mary Merz, daughter of Mr. and Mrs. Theodore Merz, and Mr. Louis Blaising, son of Mrs. Emilie Blaising, of New Haven, were united in marriage this morning at 9 o'clock in St. Paul's Catholic church. Rev. Father Kroll rendered the nuptial mass. Miss May Frenkel sang the offertory. The bride wore a pretty gown of white French lawn, made of an embroidered pattern, a white hat trimmed with white plumes and carried a white prayerbook with marker of flowers and white ribbon. Miss Laura Merz, a sister of the bride, was honor maid. She was gowned in white, with white hat and her flowers were white chrysanthemums. Mr. Albert Blaising was the bridegroom's attendant. After the church service the bride and groom were taken to the home of the bride's parents, 1925 Pine street. Only relatives were present. After a few days' wedding trip the bride and groom will be at home with Mr. and Mrs. Merz for the winter. For traveling the bride wore a brown cloth suit with hat and gloves to match. Mr. and Mrs. Blaising have gone to Chicago, Duluth and Minneapolis on their wedding journey. Messrs. Henry C. Morlarity and Victor H. Blaising were ushers at the wedding.

A Coming Recital.
A recital will be given by Anthony Wayne club on Saturday Nov. 9 by Miss Josephine Large, pianist, of Chicago, and Clara Zollars Bond, soprano, of this city. This will be the first opportunity for Fort Wayne friends and admirers of Miss Large's playing to hear her in concert in a number of years, and that opportunity coupled with Mrs. Bond's position as a favorite singer with local music lovers, who attract a large audience. Both ladies are artists in their respective departments of music. The arrangements for the recital have been made by personal friends, but the recital will be open to the public.

Harrison-Ortman.
The marriage of Miss Anna Ortman, daughter of Mr. and Mrs. H. W. Ortman, and Mr. George Harrison, of Rock Island, Ill., took place this afternoon at 3 o'clock at the home of the bride's parents, 928 Columbia avenue. Rev. Samuel Waghenals performed the ceremony in the presence of immediate relatives. The wedding was extremely quiet. The bride wore her traveling costume and Mr. and Mrs. Harrison left at 4 o'clock for the west. The bride is a young woman of fine appearance and lovely character. Mr. Harrison is a son of Capt. Robert H. Harrison, but he has not lived in Fort Wayne for a number of years. Mr. Harrison is the manager of a theater in Rock Island.

Church Society Meetings.
A church offering reception will be given at the home of Mrs. W. H. Creighton, 705 West Berry street, from 3 to 5 o'clock to the ladies of Westminster church. Mrs. Hulise, Mrs. Charles Beaver and Mrs. Ira Evans will be the assisting hostesses.

TWENTY-FIVE YEARS OLD.
St. Vincent's Sewing Society Celebrates Silver Anniversary.

The St. Vincent's Sewing society, composed for the most part of ladies identified with the Cathedral and St. Mary's parishes, celebrated its twenty-fifth anniversary today by a trolley trip to Bluffton. An elaborate dinner was awaiting them at the Bliss hotel, and the afternoon was spent

An Autumn Bridal Gown

For this season's bride this costume, with the long train, elbow sleeves and tight fitting waist, will be decidedly smart, trimmed with lace, like the model illustrated. The arrangement of the veil is simple but attractive and will become the average young woman.

MR. SMALL OFFICIALLY DECLARES OFF THE WIRE STRIKE
Deposed Head of Telegraphers Does Final Formal Act of Big War.

New York, Oct. 30.—S. J. Small, recently deposed as president of the Commercial Telegraphers' union, who arrived in New York from the west yesterday, and was refused permission to address the local branch of the union at a meeting in the afternoon, last night sent out a statement to the public "calling off" the telegraphers' strike. After reviewing his efforts to bring about a settlement of the trouble advantageous to the strikers and the action of the union in declaring his office vacant and electing a successor, Small says:

"I feel it my duty as the recognized leader and legally elected president of the aforesaid organization, to issue this statement, declaring a complete condition to exist within our official ranks, and further declaring the telegraphers' strike unquestionably the greatest and cleanest fought battle of recent years, at an end beginning from Wednesday, Oct. 30, 1907, and on the following terms, to wit:

"All strikers will be reinstated without discrimination, except those against whom serious charges can be substantiated, the accused to have the privilege of making defense in writing through me when their case will receive prompt and careful consideration.

"The 10 per cent. increase granted March 1, 1907, will be strictly adhered to.

"Other matters mentioned in the bill of grievances to be taken up and considered upon my return to New York within ten days, provided the strikers accept and act upon these instructions."

STRIKE DECLARED OFF.

Norfolk, Va., Oct. 30.—The strike of the commercial telegraphers of Norfolk, which occurred August 14th, when all the union operators in the Western Union and Postal Telegraph offices in Norfolk, Portsmouth and the Jamestown exposition grounds walked out, has been declared off today. All strikers who have not received positions with the railroads or elsewhere either returned to work today or will resume their keys Friday.

PICTURE PUZZLES.

Pictures from magazines make excellent puzzles for children if they are mounted on pasteboard and then cut into triangular shapes. Putting the pieces together will amuse children for a long time on a stormy day.

SAYS STATE IS GOING DRY.

Secretary of Anti-Saloon League Predicts Liquor Drought in Indiana.

Elkhart, Ind., Oct. 30.—"It is only the question of a short time when seventy counties in Indiana will be dry," said E. S. Shumaker, state secretary of the Anti-Saloon league, at a meeting for the promotion of the state prohibition movement.

"The enactment of a good local option law would undoubtedly bring about this result," he continued. "Of the 1,016 townships in Indiana there are 736 dry ones; of these 235 are dry under the Moore reorganization law, sixty-two under the old Nicholson law and in the remainder there have never been saloons."

"The dry population of Indiana two years ago was 1,200,000. Now it is 1,280,000. Cakes are going dry fast. A few years ago there was not a dry city in the state, now there are seven. Of these the largest is Bloomington. Our next legislative attempt of importance will be to secure a joint resolution from the legislature for the submission of an amendment to the constitution providing for state-wide prohibition."

SPANISH RULERS IN LONDON.

Alfonso and Victoria Reach Metropolis in Downpour of Rain.

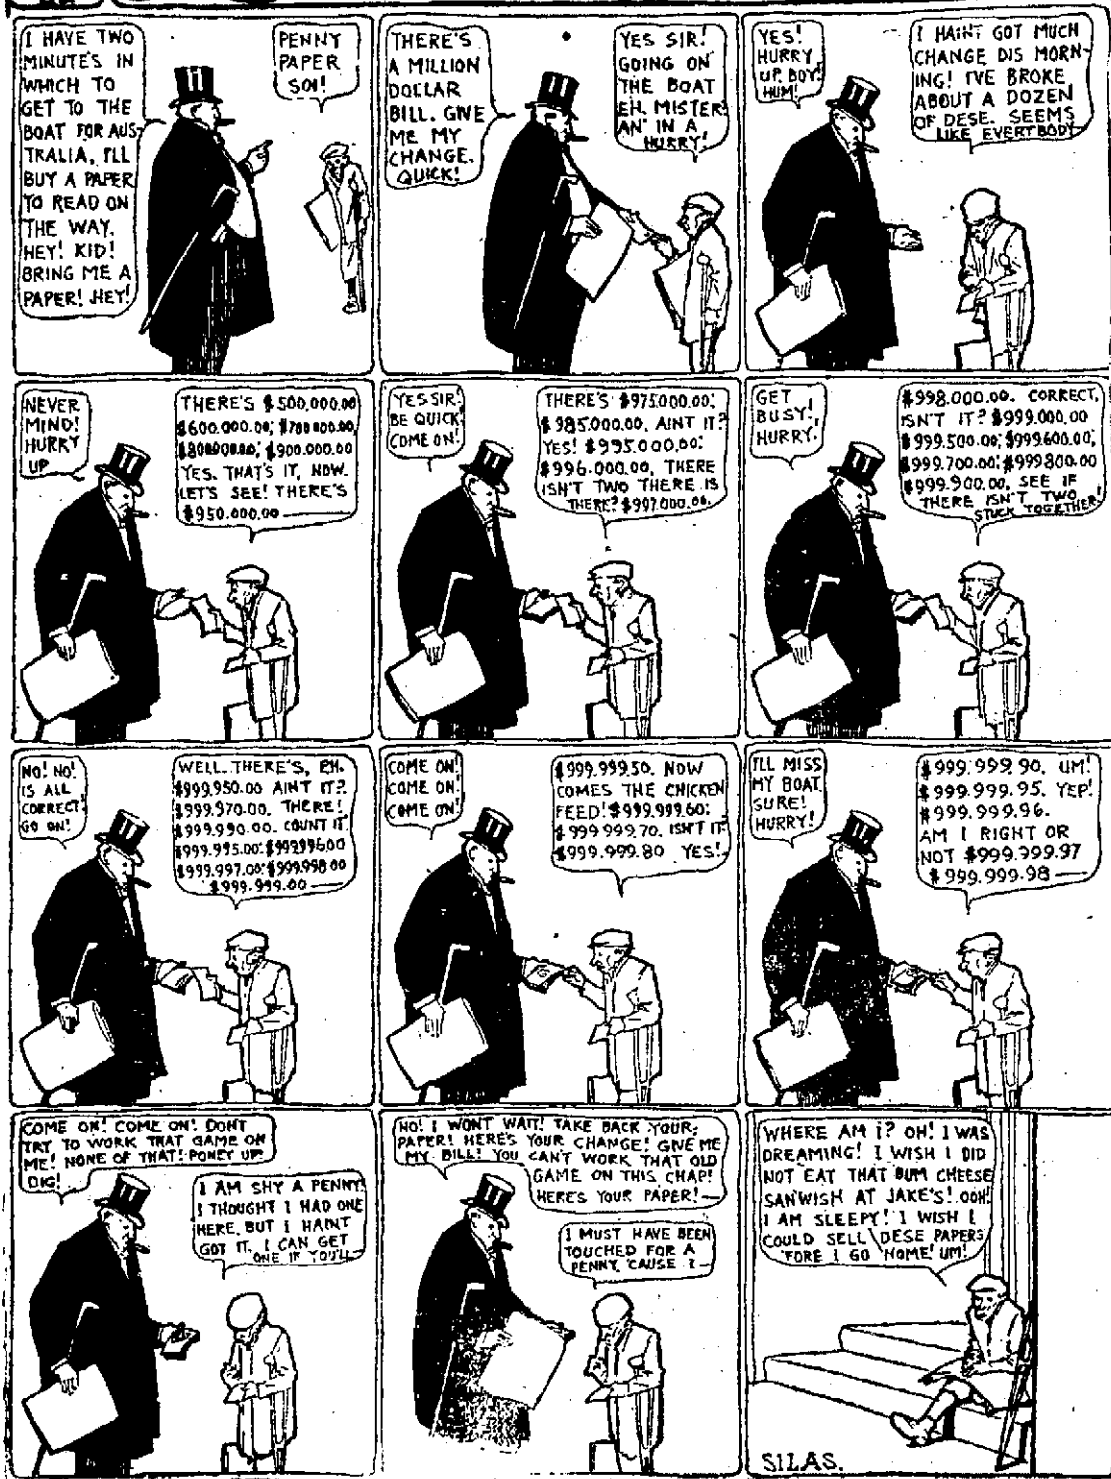

London, Oct. 30.—"The king and queen of Spain arrived in London last night. It was raining hard, but in spite of the depressing weather their majesties were met at the station by members of the English royal family and the Spanish ambassador to Great Britain, Señor Yello Trueta. The visitors drove at once to Kensington palace, where they will reside until next Monday.

They will visit then King Edward and Queen Alexandra at Sandringham. The London populace displayed the greatest interest in the infant son of the Spanish king and queen.

CHICKEN DINNER AT THE FIRST PRESBYTERIAN CHURCH.

Friday from 11:30 A. M. to 1:30 P. M.

DREAM OF THE RABBIT FIEND

GERMANS LISTEN TO AMERICANS IN BERLIN

American Professors Lecture in University—Well Received.

Berlin, Oct. 30.—This was an American day at the Berlin university, the occasion being the lectures of President Hadley, of Yale, and Prof. Schofield, of Harvard, who began their exchange professorship work by dividing an hour between them. Crown Prince Frederick William and a distinguished gathering of persons in public life and university professors, occupied chairs near the lecturers.

The crown prince represented Emperor William, who was confined to his room with a cold. Ambassador Tower, with the rector of the university, Dr. Stumpf, met the crown prince at the gate and walked with him to the aula. Dr. Stumpf, after pleasant references to President Roosevelt, the American scholars and the age and character of Harvard and Yale universities, introduced Drs. Hadley and Schofield, the students shuffling their feet prolongedly, which is the German academic method of applause.

President Hadley, speaking in German, alluded to the greatness of the debt of American and German culture and his own personal obligations to the great professors of Berlin university, under whom he sat thirty years ago. He then sketched briefly the subject of his lecture, which was the differences in the economic systems of Germany and the United States.

Prof. Schofield spoke in English and German, his subject being the relationship between English literature in the middle ages and contemporaneous continental literatures.

The crown prince afterwards talked with President Hadley and Professor Schofield and their wives. Carl Schurz, son of the late Carl Schurz, of New York, also was presented to the crown prince. Ambassador Tower later introduced President Hadley to Prince Von Buelow, in the latter's palace.

WHY SCHOFIELD WAS CHOSEN.

Cambridge, Mass., Oct. 30.—Jerome D. Greene, secretary of the Harvard corporation, in speaking of the Berlin dispatches commenting on Harvard's appointment of a British subject as exchange professor with Germany, said:

"Prof. Schofield is still a British subject. Although the previous Harvard exchange professorships with Germany have all been Americans, it was thought very opportune this year to send a professor who was not, in that too much stress has been laid on a supposed diplomatic character of the exchange idea.

"In case that were true, we should be obliged, of course, to send only Americans by birth or naturalization, but by sending Prof. Schofield emphasis has been laid on the academic side of the exchange. The whole idea is purely academic, so Harvard did not hesitate to send Prof. Schofield to Berlin."

MAY BREAK UP THE GAME.

New York, Oct. 30.—Prof. William Henry Schofield, who was born a Canadian, is an alumnus of Toronto university and a British subject.

Together with President Hadley, of Yale, Prof. Schofield will make his inaugural address before Emperor William and the American ambassador at the University of Berlin today.

It is feared in American quarters, that Schofield, by his action, has mixed up the plans of the Kaiser for a German-American educational rapprochement.

Mr. and Mrs. Jules Dick, of Huntington, who have protracted their usual stay at their summer home at Bear Lake, Mich., were in the city today en route home from the north.

MILE A MINUTE BOAT POSSIBILITY OF FUTURE

May Become Reality Through Invention of Vertebras Propeller.

New York, Oct. 30.—The mile-a-minute boat may soon be a reality, according to the opinions expressed yesterday by a party of naval engineers, yachtsmen and others who were afforded a private view of the vertebras propeller invented by Joseph Turner.

Set in motion by belt gear and driven by four piston rods, which pass through stuffing boxes in the bottom of the boat and are connected to hinges, the propeller, work up and down with the sinuous motion of a fish. Many of the spectators predicted that the propeller would soon become a subject for serious consideration by engineers. Mr. Turner also intended to apply his system to aerial navigation.

The consistory of Grace Reformed church will have a meeting at the mid-week prayer meeting service.

Sentinel's Free Cook Book

BAKED TOMATOES.

Cut nice, smooth fruit in halves and place skin side down in a buttered dripping pan; season with salt and pepper, put a little bit of butter on each, sprinkle with cracker dust and bake about twenty minutes. Or, select smooth, round tomatoes of equal size, pour boiling water over them, skin and cut out the stem end. Roll in cracker dust, then in beaten egg and again in cracker dust, and park in a buttered baking dish that can be sent to the table, as the tomatoes look better if not disturbed. Season with salt and pepper, put a bit of butter on each and bake in a quick oven about twenty minutes, basting often with melted butter and a little hot water.

WILLIE KEELER WORKED UNDER A HADICAP ALL SEASON

Father's Illness Bothered
Him and He Fell Off
in Playing.

Brooklyn admirers of "Wee Willie" Keeler have been wondering why the little base ball player did not play as well last season as he formerly did, but when the reason becomes known he will not only be forgiven, but his stock will go up 100 per cent. in the estimation of the baseball public.

Keeler's father is a grey haired, clean-shaven old gentleman of 76 and a favorite with all who know him. Father of a famous base ball player, the old man leads a quiet life and does little else but read the base ball scores and discuss ball talk with his neighbors.

But for some time past his old chums have missed papa Keeler, for the old man has been laid up with stomach trouble. In fact, he has been under the care of physicians, and all through the present base ball season has fought a hard fight for his life. "Wee Willie" was compelled to leave Brooklyn on many western trips, but always left his heart at home.

No matter when he got up to the bat his one thought was how the old man was getting along and if he made a bad break in Washington, the base ball "fans" little knew that his thoughts were in far-off Brooklyn, and of his dear old father who was sick unto death. Many letters passed to and fro, Billy's big brother doing the honors and keeping the base ball player posted on the doctor's advice and his father's wants.

Keeler, Sr., was formerly a railroad man, having been connected with the DeKalb avenue line since 1883, but when Billy became prosperous the son made him retire. They say that the old man objected and wanted to die in harness, but Billy had amused a fortune he insisted that his father enjoy the remaining days of his life. They even say that Billy went to the president of the road, John L. Heins, himself a base ball enthusiast, and cooked up a scheme to have the "old man" discharged.

This was a hard task, for Keeler's faithful service of so many years was

appreciated. But one day "Wee Willie" found an excuse and the old man was gently told that his services were no longer required. It took a long time to explain why, and he never found out that his son was at the bottom of it all. Every day a crowd of children calls at the Keeler home to inquire how the old man is getting along. Every boy on Pulaski street thinks he will be a great base ball player some day because he happens to know "Wee Willie" Keeler and his father.

WESTON STARTS LONG TRAMP.

Begins Effort to Walk from Portland, Me., to Chicago in Twenty-six Days.

Portland, Me., Oct. 29.—Planning to duplicate his feat of forty years ago of walking to Chicago, a distance of 1,220 miles, in twenty-six days Edward Payson Weston started at 5 o'clock last night from the Portland postoffice amid the cheers and good wishes of 1,000 people who had gathered to see him start. He is 69 years of age.

Mr. Weston was greeted by a number of friends, including former Mayor James F. Baxter, who watched his departure forty years ago, and was accompanied to the South Portland city line by Joseph C. Stealing, who as a police officer escorted him over the same route in the first walk. Mayor Clifford witnessed his departure and administered an oath that the conditions of the feat should be complied with.

Mr. Weston expects to arrive at Chicago postoffice at 2 p. m. Thursday, Nov. 28, averaging fifty miles a day. He will go by way of Boston, Troy, Utica, Syracuse, Buffalo, Toledo and Cleveland.

SIGN FOR WALKING MATCH.
Old Dan O'Leary to Give Henry Schmel, of Chicago, a Try-Out.

Cincinnati, O., Oct. 30.—The articles of agreement were signed here last night for a six-day walking match between Daniel O'Leary, of this city, and Henry Schmel, of Chicago, for \$1,000 a side and two-thirds of the gate receipts. The match will be held in Music Hall, the start to be made at 3 o'clock Monday evening, November 18th, and the finish to take place at midnight Saturday, November 23rd.

The men are to walk 124 hours in all, square heel and toe.

O'Leary, a week ago, completed the feat of walking a mile an hour for 1,000 consecutive hours.

SPECIALS TAKE SERIES FROM SHAMROCKS AT BRUNSWICK.

Brewers Show Some Improvement in the Work
Commercial League.

There was no game in the first league at the Brunswick last night and in the series between the Shamrocks and the Centville Specials the brewers showed some improvement in their work and took the series. McCann's score of 202 in the first game was the only double of the evening but the other men on the team did good work.

ABE ATTELL KNOCKS OUT FREDDIE WEEKS AT LOS ANGELES.

Weeks Was Not in the Same
Class and Went Down
in the Fourth.

Los Angeles, Cal., Oct. 29.—Abe Attell, the feather weight champion, added another victory last night when he knocked out Freddie Weeks, of Chicago, in the fourth round of what was to have been a twenty round bout.

Weeks was no match whatever for Attell and the champion had him at his mercy all the way through. In the first round before the fight had progressed as much as a minute, Attell sent a swift right cross to Weeks' jaw and the Chicago crook lay staggered back dazed and tottering. It was evident to every spectator that Attell could have knocked him out then without effort, but he refrained from doing so.

INDIANAPOLIS CARNIVAL.

Jack Morgan and Russell Van Horn Go on for Battle Tonight.

Indianapolis, Ind., Oct. 30.—At the auditorium in this city, tonight, Jack Morgan, the hard-fighting and fast welter-weight of Indianapolis, and Russell Van Horn, of Columbus, Ohio, will go on for ten rounds in what promises to be a hard-fought battle. Van Horn will enter the ring at 142 pounds, which is giving away some weight. Morgan hears his future, to a large extent, rests upon the outcome of tonight's battle and will try hard for decisive results. Other features of the card are a ten round go between Indian Joe Gregg and "Young John L. Sullivan," of Boston, and a ten round bout between Ray Brown, of this city, and Julius Stein, of Chicago.

OFFICERS WERE ELECTED.

The Westminster Brotherhood, of Westminster Presbyterian church, held its annual election Tuesday evening, resulting as follows: President, B. J. Roberts; vice president, C. F. Kettler; secretary, W. H. Creighton; treasurer, J. B. Johnston. Mr. Roberts was chosen delegate to the national convention of Presbyterian brotherhoods to be held at Cincinnati Nov. 12 to 14.

Rev. Frank Lonig, pastor of Wayne street M. E. church, delivered an address to the brotherhood on "Men and the Church."

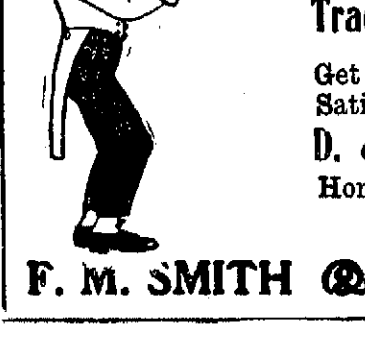

Afflicted With Sore Eyes for 33 Years.

I have been afflicted with sore eyes for thirty-three years. Thirteen years ago I became totally blind and was blind for six years. My eyes were badly inflamed. One of my neighbors insisted upon my trying Chamberlain's Salve and gave me half a box of it. To my surprise it healed my eyes and my sight came back to me.—F. C. Paris, Cynthiana, Ky. Chamberlain's Salve is for sale by all druggists.

The PEOPLE'S CLOTHING CO.

The room formerly occupied by the Jacobs' Shoe Store.

609 CALHOUN STREET.

COL. D. N. FOSTER NAMED.

Indiana Delegate to National Rivers and Harbors Convention.

Indianapolis, Oct. 30.—Governor Healy has appointed the following as delegates from Indiana to the national rivers and harbors convention to be held at Washington December 4, 5 and 6: F. A. W. Davis, Mayor Bookwalter, J. V. Zartman, Franklin Vonnegut—all of Indianapolis; W. H. Dugan, Fowler; John W. Boehne, Evansville; Spencer Ball, Terre Haute; Ezra Mattingly, Washington; George W. Cromer, Muncie; J. A. Kautz, Kokomo; George B. Lockwood, Marion; George S. Durgan, Lafayette; D. N. Foster, Fort Wayne; Perry E. Bear, Madison; Hugh T. Miller, Columbus; John F. McClure, Anderson; John Bufall, Jeffersonville; John Weathers, New Albany; James W. Emison, Vincennes, and Wilfred Jessup, Richmond.

NOBLEMAN READY TO SHOOT.

Count Announces That He Will Use Gun If Again Attacked.

Vienna, Oct. 30.—The man of the hour in Vienna, Count Adalbert Sternburg, The socialist have made him famous, and Kentucky fashion, but a revolver in his hip pocket, and he has expressed himself as ready to use it in case of need if the socialist members of the reichstag again set upon him as they did last Wednesday, when a band of socialist representatives, headed by Franz Schumeler, ousted him from the house of representatives.

"You said you would bring a revolver with you," said the socialists yesterday.

"I have a revolver with me," replied Count Sternburg, tapping his hip pocket. "M. Ollivier, a great French statesman, said in 1865: 'Whoever insults me I shall shoot down like a dog.' What Ollivier said I shall do today."

CAUSES AFFINITY'S ARREST.

St. Louis Woman Sends Husband and His Sweetheart to Jail.

St. Louis, Mo., Oct. 30.—William Heuer, a cigarmaker, 27 years old, and Miss Kittie Meyers, 22 years old, were locked up at the Dayton street police station. They were found at 3009 Eastman avenue. Mrs. Heuer caused her husband's arrest.

Mrs. Heuer, with her twin babies, lives at 5557 Perry avenue. She is said to have received information relative to her husband and his supposed affinity from a woman friend of Heuer's.

Assistant Prosecuting Attorney Falkenhauer issued warrants against the prisoners.

COST OF BIRD EXTINCTION.

Insectivorous Pests Destroy Over \$800,000,000 of Crops Yearly.

New York, Oct. 30.—Because of the decrease of insectivorous birds in the United States the country is losing yearly crops valued at \$800,000,000, destroyed annually by insects, according to President William Dutcher, of the National Association of Audubon Societies, at the annual meeting of the association here. He said that the association was in position to do good work along the line of protection of birds, but it should have a larger endowment fund and a larger membership.

COAL TRADE IS ACTIVE.

An Unprecedented Business on the Reading.

Reading, Pa., Oct. 30.—The coal trade on the Reading railroad has never been more active than at the present time. The collieries are all in operation and the output of the combined operations of the Reading alone during the past week has been larger than ever.

Nearly two thousand cars of anthracite were sent to market each working day last week. The storage yards have been very busy.

This Glaze is Wholesome Protection

There is a glaze of fresh eggs and pure granulated sugar on Arbuckles' Ariosa Coffee that does not improve its appearance, but keeps its aroma and flavor intact, and protects it from contaminating odors and the dust of the store.

Arbuckles' Ariosa Coffee complies with all the requirements of the National Pure Food Laws—Official Guarantee No. 2041 filed at Washington—and is pure Coffee blended for economy, flavor and health.

No similar coffee is sold loose by the pound, or under any other name, or by any other persons or firms.

You have our word for it, that no one can duplicate it or sell any coffee as good for anything near the same price.

ARBUCKLES BROS., New York City.

SHOP AND RAIL

Day's Happenings in the Industrial World

HEAVY TOURIST BUSINESS.

Nickel Plate Established New Record Yesterday.

Traveling Passenger Agent J. C. Melenbacher and Local Ticket Agent Frank Parrish of the Nickel Plate, established a new record in the number of tourists out of this territory yesterday. Besides a big party from Fort Wayne there were parties from many other places along the line and the business from the country east of Buffalo was especially heavy. Agent Parrish sold thirty-two tickets and among the purchasers were Mr. and Mrs. W. E. Lewis and family, Mr. and Mrs. H. O. Reed and family, Mr. and Mrs. Hoefter and family, the Misses Pollock and M. A. Bireley, all of whom were bound for Los Angeles. Mr. and Mrs. E. E. Yoquelot left for San Jose, Mr. and Mrs. Lee and family, Mr. and Mrs. Young and family, W. A. Lee, C. A. Richardson, Miss Annel and Mrs. Klingner, who have as their destinations Fresno, Cal., were also passengers on this train, as were Mr. and Mrs. Steinacker, whose tickets read to Seattle, Wash., making a grand total of thirty-two people who bought tickets at the local window for points in the distant west.

TO BOOM CARPENTERS' UNION.

National Organizer Kline Here for That Purpose.

If such a thing is possible, every eligible carpenter in Fort Wayne will be a member of the United Brotherhood of Carpenters and Joiners before the close of next week. H. R. Kline, the national organizer for the union, arrived in the city yesterday and immediately began a canvass which he expects to accomplish the object aimed at. Thursday, November 7, has been set aside for a mass meeting of the trades unions of the city and Mr. Kline and some of the other national officers of the Carpenters, including

MOVING TO FORT WAYNE.

Mrs. F. T. Deahl and four children arrived here yesterday from Connecticut, and their household goods will arrive tomorrow. Mrs. Deahl has bought property at Fourth and North Harrison streets, where she will reside in the future. Mrs. W. A. Foster, who went to Connecticut to assist Mrs. Deahl in packing up the goods, also returned with her.

INDUSTRIAL NOTES.

Nickel Plate Brakeman A. Timmis is sick and off duty.

Night Yardmaster Charles Lyons, of the Nickel Plate, is on duty again, after a lay off of nearly a week.

Nickel Plate Engineer J. B. Maurer has gone to Bloomington, Ill., for a visit with friends.

Yesterday the Rolling Mills received a new boiler, which will soon be a part of the power plant at that works. J. E. Bash, a car builder, and D.

One of the advantages of Grape-Nuts food is that it is pre-digested in the process of manufacture.

The starch contained in the wheat and barley is transformed into grape-sugar by exactly the same method as this process is carried on in the human body, that is, by the use of moisture and long exposure to moderate warmth, which grows the diastase in the grains, then long baking completes the remarkable change from starch to grape-sugar.

Therefore, the most delicate stomach can handle Grape-Nuts and the food is quickly absorbed into the blood and tissue—certain parts of it going directly to build and nourish the brain and nerve centres. "There's a Reason."

INDIANA LOAN CO.

Room 3, Arcade Second Floor
Established 1895.
Home Phone 995.

Wannamaker, a truck builder, at the east car shops, are sick and off duty.

Local Freight Engineer Charles Merrett, of the Nickel Plate, is taking a rest, after a long period of steady work.

Fireman W. D. Ream resumed work yesterday, having returned from Ohio, where he spent two weeks with relatives.

Nickel Plate Fireman Carter has moved his family from Argos to this city. He is one of the new employees on the road.

Machinist C. E. Barnett, who had been north on a fishing expedition, has returned to his duties in the Pennsylvania shops.

Machinist William Franke has resigned his position with the Indiana Road Machine company. He will take a position elsewhere.

President S. T. Wallace, of the Hoist company, has returned from a business trip to Los Angeles, where the company has its main plant.

William Moore, of the Nickel Plate round house, was summoned home yesterday by a message stating that his sister was taken suddenly and violently ill.

Nickel Plate Conductor A. E. Urbanius is taking a lay off to attend to some private business. Brakeman C. W. Hagerman is also laying off to attend to private business.

Railroad men who were in the city yesterday were Traveling Passenger Agent J. M. Jelech, of the Rock Island, and General Baggage Agent F. L. Moore, of the Nickel Plate.

Passenger Engineer Samuel Hooper, of the Nickel Plate, has been suffering from a severe cold for two or three days and has been unable to take his run out.

Marion Teagarden has as a guest, G. W. Spencer, of Garrett, Ind., who is his brother-in-law. Mr. Spencer is trainmaster on the B. & O. but on account of injuries received he has been unable to work for three weeks.

G. N. Kinder, a car repairman at the east shops, has a lame back and will be unable to work for a few days. The accident was caused by a pinch bar with which he was prying slipping and allowing him to fall.

Engineer B. Martin, of the Denver and Rio Grande road, is the guest of Foreman Joseph Slater, of the Bass blacksmith shop. Mr. Martin had an arm broken a short time ago and has not recovered sufficiently to handle the throttle.

Carpenters are engaged in the interior of the new office of the Indiana Road Machine company and will soon complete the work. It is thought that the clerical force will be able to move into the new quarters the last of next week.

The bridge workers engaged in installing the passenger train bridge for the Nickel Plate over the St. Mary's river will complete it early next week. The big girders are in position and the men are now at work in putting the upper structural work in place.

Nickel Plate Engineer E. B. Baughman was at the round house yesterday for the first time in three months. It will be some days before he will be able to resume work, though his condition is improving rapidly. Mr. Baughman has been sick with rheumatism.

R. F. Douglas has resumed his place in the Washburn ticket office, after an absence of three weeks. He was enjoying a visit to the Pacific coast, where Mrs. Douglas and son, Vincent, will spend a good portion of the winter, having headquarters at Sunny Slope, ten miles from Los Angeles.

John Kanaley, who was buried at Columbia City this morning, was in the service of the Pennsylvania company a half of a century, being foreman of a section at Fort Wayne and later at Columbia City for about forty years. The last ten years of his service was as a street crossing watchman.

Brakeman F. B. Keplinger and Brakeman Victor Queen have reported for work after an absence. Mr. Keplinger was hurt two weeks ago. They are Nickel Plate employees.

Engineers H. W. O'Brien and C. F. Durfee have returned to their duties on the Nickel Plate, after a week's absence. Mr. O'Brien had been visiting in Chicago.

A letter from Mrs. C. H. VanGorder states that her daughter, Miss Bertha, has completely recovered from her recent illness, but her son, Charles VanGorder, is still quite sick, being afflicted with typhoid fever. Mr. VanGorder, sr., was for many years an engineer on the Nickel Plate. He and his family went to Birmingham, Ala., several months ago and he is now employed on a railroad running through that city.

MOVEMENT TO GET MORE PAY FOR METHODIST PREACHERS.

A New York Conference Has Begun Work for Larger Salaries.

New York, Oct. 30.—There is a movement on foot in the Methodist district conference at Kingston, N. Y., to obtain larger salaries for ministers, in view of the increased cost of living. In spite of strictest economy the pastors of many country churches, it is said, cannot meet expenses or properly care for their families.

Rev. F. D. Adams has prepared statistics showing that it is impossible for the average clergyman to make both ends meet. He cites many instances where pastors have lost their calling recently to go into the insurance, real estate, and other business.

Presiding Elder Frank M. Wilson, of Kingston, in a recent address, said he was willing to eat corn dodgers when his congregation was faced with that condition, but not when the members were banking large sums of money and the minister was in an impoverished condition.

TO REGULATE RAILROADS.

Mann Says Congress Will Pass Law Controlling Capitalization.

Washington, D. C., Oct. 30.—Representative Mann, of Illinois, stated today that there was little doubt that the house committee on interstate and foreign commerce would take up the question of regulating the capitalization of railroads at the coming session of congress. Mr. Mann was at the white house today.

DAVIS OBTAINED MONEY AND SHOES ON A BAD CHECK

Waives Arraignment and is Held Under Bond—The City Court.

A man giving the name of J. F. Davis obtained a pair of dollar and a hat shoes on a check for \$13.50 and \$12 in change from John W. Henry, a shoe dealer on South Calhoun street, yesterday, and when he was arraigned for forgery in the city court today he waived a preliminary and was held to the circuit court under a bond of \$200.

The check was drawn on the Hamilton National bank, payable to Thomas Shea or bearer, and the name of E. K. Bush, a commission merchant at 306 East Columbia street, was signed to it. Mr. Bush said he did not sign the check. Mr. Henry did not know it was bad until he heard of the arrest this morning, when he went to police headquarters and filed an affidavit.

Davis was arrested last night in a North Calhoun street resort and had about \$25 in money and was just on the eve of leaving the city. He had been drinking heavily and stated that he is a grocer from Ottumwa, Iowa, and has been on a spree and did not know what he was doing when he signed the check. He had two of the same kind and for the same amounts in his possession when he was arrested.

He presented one to Dan Current at the Wayne Grocery company's store on South Calhoun street late yesterday afternoon and got the money, but Current found it was bogus and went out and met Davis and took the money away from him. He offered one at the App shoe store, but was turned down there and the police notified.

Cope is Held.

After a preliminary hearing Bert Cope, charged with criminal assault upon Louise Foellinger, was held to the circuit court under a bond of \$500. Part of the testimony was heard in private by Judge Skelton, as the girl could not be made to give the facts in the court room.

She said that on Monday night of last week she slept in the barn at her home, 914 East Lewis street, and spent Tuesday night in the Pennsylvania waiting room and met Cope early in the morning. Her father is Louis Foellinger, and he made no report to the police of her absence. She said she left home Monday because she "had a fuss with the boys."

William Quinn, who has been about town since the fair, was fined \$1 and costs for drunkenness.

SHOOTS DOWN BROTHER TO SAVE FATHER FROM DEATH

At Tell City Youth Slays Frenzied Man.

Tell City, Ind., Oct. 30.—Firing in defense of his father, Charles Hughes, twenty years old, last night shot and instantly killed his brother, Martin Hughes, aged thirty.

The shooting followed a fight when Martin Hughes, who was intoxicated, asserted that he would wipe out the entire family. He appeared at the Hughes home late last evening and attacked his father, Capt. James Hughes, a civil war veteran.

The son was brutally beating the aged man when the assailant's mother ran from the house screaming for aid. A neighbor who rushed into the building was knocked down by the drunk man, who then continued his assault on his father.

Brother Shoots Brother.

Charles Hughes entered the house as his elder brother had his father prostrate on the floor, and, seizing a shotgun, the boy fired the load of shot taking effect in the back of Martin Hughes's head, almost blowing the head from the body.

The wife and mother, who witnessed the shooting, is prostrated by grief and it is feared the shock may prove fatal.

Charles Hughes surrendered to the sheriff at this city. He refused to discuss the shooting further than to say

RHEUMATISM

THE BLOOD SATURATED WITH URIC ACID POISON

A disease so painful and far-reaching on the system as Rheumatism must have a deep and well-laid foundation. It is neither an accidental trouble nor one caused by outside influences; it is in the blood and system before a pain is felt.

Rheumatism is caused from an excess of uric acid in the blood which has gotten into the circulation because of a torpid or sluggish condition of those members whose duty it is to carry off the daily collection of refuse and waste matter of the body. This being left in the system sours and generates uric acid, an irritating, pain-producing poison, which the blood absorbs and distributes to all parts of the body. This acid, circulating through the system, acts as an irritant to the different muscles, nerves, bones and tissues of the body, and produces the inflammation and swelling and the terrible pains of the disease.

When the blood is overburdened with uric acid it continually grows weaker and more acrid, and poorer in nourishing qualities. Then Rheumatism becomes chronic and not only a painful and distressing disease, but a formidable and dangerous one as well. The general health is always affected, the oils and fluids which lubricate the joints and muscles are destroyed by the acrid matter which the blood is continually depositing in them, the muscles shrink and lose their elasticity, the lining of the joints becomes hard and thick, and the sufferer is often left a hopeless cripple. But worse still, when the blood becomes fully saturated with the uric acid poison the heart is attacked, the corrosive matter settling on the valves and muscles of this vital organ, and then Rheumatism usually proves fatal.

Some persons inherit a predisposition or strong tendency to Rheumatism, for like all blood diseases it can be transmitted from generation to generation; but whether the disease is inherited or is brought on by a torpid, inactive condition of the system, the cause is always the same—the blood is filled with uric acid poison.

Temporary relief from the suffering and torture of Rheumatism is often afforded by the application of plasters, liniments and other home remedies, but as such treatment does not reach the blood, no curative or preventive effect can be expected. The next exposure to cold or dampness, or a spell of indigestion, or other systemic irregularity, will cause the old aches and pains to return, while the real disease is all the while getting a firmer hold on the system.

There is but one way to cure Rheumatism, and that is to cleanse the blood of the uric acid poison. S. S. S. is the proper treatment, because it goes down and attacks the disease at its head, and by filtering out every particle of the poison and strengthening and enriching the blood, cures Rheumatism in every form. S. S. S. changes the sour, acid-burdened blood to a rich, healthy stream, which quiets the pain-racked nerves, muscles and joints, and gently but surely removes every particle of the cause of Rheumatism from the circulation. S. S. S. reaches inherited cases as well as those which have been acquired, and good results are always experienced from its use. S. S. S. is the greatest of all blood purifiers, and it is an absolutely safe remedy because it contains no strong minerals to damage the system. Special book on Rheumatism and any medical advice you desire free.

THE SWIFT SPECIFIC COMPANY, ATLANTA, GA.

That he was compelled to fire to save his father and other members of the family.

"Capt. Hughes is one of the best known men in the country. He was seriously injured by his infuriated son, but it is believed he will recover. Martin Hughes was unmarried. Members of the family assert that he had no grievance against his father or brother, and they say he committed the assault in a drunken frenzy."

HOW TO GET THE MONEY.

Cotton Exporters Discuss Plans for Securing Ready Cash.

New Orleans, La., Oct. 30.—Cotton exporters here are discussing a plan for securing ready cash for export cotton, thereby lending relief to the export and domestic exchange markets and to the movement of the cotton crop. This plan contemplates calling upon the European consumer of cotton to buy in this country by depositing with the European fiscal agents of the United States government such funds as the buyer desires to apply to the purchase of cotton. It is believed that through the treasurer at Washington there can be obtained a cabled transfer of the credit so created to the sub-treasury in New Orleans with the result that the American exporter will draw against actual currency in New Orleans instead of selling sixty or ninety day bills of exchange.

It is pointed out that aside from the present low prices of cotton to be taken advantage of, some European buyers might find this system advantageous through the prices now obtained on foreign exchange.

WILL RESTORE WAGE SCALE.

Miners and Smelters in Butte Get Good News.

Butte, Mont., Oct. 30.—The Miners' union and the Smelters' union have received notices from the Amalgamated Copper and other Mining companies that the old scale of wages in force before the agreement on the sliding scale was made, will be restored on November 1st in compliance with the contracts entered into by the companies and the labor unions of Butte.

Our One Dollar Shirts

There are Dollar Shirts everywhere—to be sure—but the problem is to get a Dollar Shirt a Man is not ashamed of.

Many Men have told us that they never saw a Dollar Shirt they would wear until they tried ours.

Excellent Madras and Percales, choice Fall patterns and splendid Shirt making.

These Shirts will fill every requirement, as to style—fit and durability.

PIXLEY & COMPANY

Clothiers and Furnishers.

WHY YOU SHOULD HAVE A SAVINGS ACCOUNT WITH TRI-STATE LOAN AND TRUST CO.

BECAUSE it has a capital stock of \$300,000.00 fully paid.

BECAUSE it loans its money on first mortgage on real estate, and not to exceed 60 per cent. of the appraised value.

BECAUSE it dates all savings on the first of the month it made on or before the 5th.

BECAUSE it is managed by men who have had 20 years experience in loaning money and know the value.

Assets August 31, '07, \$3,035,984.51.

CHARLES A. WILDING, President. GEO. W. PIXLEY, Secretary.
W. E. MOSSMAN, Vice President. FRED C. HEINE, Assistant Secretary.
LOUIS FOX, 2d Vice President. W. J. HARRIS, Treasurer.
HENRY C. PAUL, Chairman of the Board of Directors.

THE WEATHER.

Chicago, Oct. 30.—Forecast for Indiana: Partly cloudy, with probably showers tonight or Thursday; warmer Thursday.

CITY BREVITIES.

George Shannon is rapidly recovering from his illness.

Miss Katherine Hartman is confined to her home by illness.

Mr. and Mrs. Walter Smoot have been called to Peru by the illness of a relative.

Miss Gwendoline Traxler was quite painfully injured in a fall yesterday, but was not seriously hurt.

J. J. Hayes, member of the board of public safety, has returned from a stay at West Baden, much improved in health.

The Misses May and Anna Schneiders, of Madison street, have been called to Evansville by the death of a relative.

The annual military ball of the Hibernians will be given tomorrow night at the company's armory on Calhoun street.

The Diamond Fruit company, which has been conducted at Detroit by sons of the late Adolph Diamond, has closed up its business affairs and retired.

A slight fire on the roof of the residence at 1711 Gay street was caused yesterday afternoon by sparks from an engine or from the Bass foundry. The loss was trivial.

Mr. and Mrs. George W. Spencer, of Garrett, are the guests of M. Teagarden and family. Mr. Spencer, who is treasurer for the B. & O. railroad at Garrett, was injured in a wreck some weeks ago, and this is the first trip he has been able to make since that time.

Oscar Von Hoene, formerly in newspaper work in Fort Wayne, and for the past year similarly employed at Bellingham, Wash., recently made a great race for secretary of the Chamber of Commerce in that city. Mr. Von Hoene led his competitors up to the third ballot, and then was defeated by a single vote. He was formerly principal of the schools at Hoagland. Mr. Von Hoene is coming east shortly for a visit with friends.

Harmonious Decoration

"Where you rest, there decorate." But the decoration must be harmonious, and in accord with good taste, no matter how simple. If you've decorative problems this Fall, bring them to our Drapery Department. Our experience is at your service, and our comprehensive stock gives you a wide selection of beautiful and serviceable Curtain and Drapery goods. We especially recommend the well-known

"MOSS ROSE" BRAND

Tapestry Curtains, Couch Covers and Table Covers

They look better and wear better than ordinary kinds because they are made better. The "Moss Rose" patterns are the most beautiful ever produced. Couch Covers and Table Covers in Oriental Effects and Bagdad Stripes.

SOLID COLOR TAPESTRY CURTAINS.

The superior design and finish and rich, soft tones used in the "Moss Rose" solid color Draperies cannot be distinguished from real silk, and the cost is about One-Fourth. We show them in all colors to match any decorative scheme—dark red, myrtle and olive green, rose, empire green, dark brown, Havana, etc.

PRICED FROM \$2.50 TO \$25 A PAIR.

"Everything for the Table"

CHOOSE INTELLIGENTLY

In making choice of a bank that shall become the depository of your funds and the medium for disbursing them, study well its elements of strength. Strong safes and automatic locks are incidental necessities, but it is more important that the men who manage the bank shall be strong men free from the taint of speculation and worthy of confidence. Choose a bank that seeks to prosper and makes loans carefully. These are points of merit we claim as a basis for your confidence.
